Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I only use my phone for emergency only and I don't feel that this would be fair at all. By my understand the purpose of the Tracfone is that there is no Contract, no bills, and etc. Everybody can't afford this rate that you are trying to change. It not fair to the one that are trying to make end meet and do what they can afford. Please reconsider this process. Thank you

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Tashawna
