Re: Applications for Consent to the Transfer of Control of Licenses from Comcast Corporation and AT&T Corp., Transferors, to AT&T Comcast Corporation, Transferee, MB Docket No. 02-70

Dear Ms. Dortch:

On Tuesday, November 5, Brian L. Roberts, President of Comcast Corporation, spoke by telephone with Commissioner Michael J. Copps. Noting that Tuesday was the final day of the Commission's self-imposed 180-day period for completing its review of Comcast's proposed merger with AT&T Broadband, Mr. Roberts asked for Commissioner Copps's support in bringing the review to a timely conclusion. Mr. Roberts emphasized Comcast's strong desire to get started on an expeditious upgrade of the current AT&T Broadband systems.

Mr. Roberts reiterated his strong belief that negotiated arrangements to provide Comcast's customers with a choice of ISPs is good business because it enhances Comcast's ability to compete. In that regard, he noted the numerous agreements (voluntarily and privately negotiated) between third-party ISPs and either Comcast or AT&T Broadband (or, in one case, with AT&T Comcast) of which we have previously apprised the agency.

Pursuant to section 1.1206(b) of the Commission's rules, this letter is being filed electronically with the Office of the Secretary. Copies of this letter are also being sent to Commissioner Copps, Alexis Johns, and the merger review team. Please let me know if you have any questions.

Sincerely,

James L. Casserly
