

My name is Jennifer Cantrell. I am 20 years old and a registered voter in the state of Indiana. I want the Indiana's Telephone Privacy law to remain as it is. Please do not change the law or strike it down. It makes me mad to get home after a long, hard day and to have to answer the phone for a telemarketer that doesn't understand the word No! Thank you for your time.

Sincerely,
Jennifer Cantrel
