Re: *Ex Parte* Presentation
WT Docket No. 01-309

Dear Ms. Dortch,

On November 20, 2002, the Cellular Telecommunications & Internet Association (CTIA) represented by Diane Cornell, Vice President for Regulatory Policy, and Ron Barnes, Director for External and Industry Relations, met with Commissioner Kevin J. Martin, Samuel Feder, Commissioner Martin's Legal Advisor on Spectrum and International Issues, and Joseph Sabin, an intern to Commissioner Martin.

At the meeting, the CTIA representatives discussed the current activities in which the wireless industry is engaged to address the usability of wireless products by people with hearing disabilities, technology issues related to interference mitigation and inductive coupling, and methods being used to address the digital handset accessibility issue in other countries.

The attached presentation was discussed at the meeting. Pursuant to Section 1.1206 of the Commission's Rules, this letter is being filed with your office. If you have any questions concerning this submission, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "James L. Vaughan". The signature is stylized and cursive.

James L. Vaughan
