Dear Madame Secretary:

On November 21, 2002, the following members of the Satellite Industry Association, Richard DalBello (SIA), Joslyn Read (Hughes Network Systems), Larry Williams (ICO), and Milenko Stojkovich (Intelsat) met with Rod Porter, Steve Spaeth, Tom Tycz, and Fern Jarmulnek of the FCC International Bureau. SIA is a non-profit association representing the leading U.S. commercial satellite manufacturers, service providers, group equipment providers and launch service companies.

SIA and FCC IB staff discussed the Space Station Licensing Reform proceeding and specifically the first-come, first-serve aspects of the proceeding.

Sincerely,
