

In reference to Docket No. 02-277,

Please keep all the FCC rules in question in place. Our media is too powerful to be entrusted to even smaller groups of people ... the more voices the safer our democracy ...

"In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the militaryindustrial complex. The potential for the disastrous rise of misplaced power exists and will persist." -Dwight Eisenhower

The very freedom that we love so dearly is in your hands ... please protect us!
