

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Sirs,

I am just an ordinary citizen, an American taxpayer who always votes (although I've lost confidence in whether that vote is always counted). I am also one of the owners of the public airwaves. I understand it is the duty of the FCC to regulate these airwaves in my best interest. I do not like the direction the FCC is going in fulfilling this duty. I do not believe it is in my best interest to allow or encourage even further consolidation of the media. There is already too much of that!

I know that you are going to go ahead and do what you want anyway, because that is the way the fascist Bush/Cheney regime operates, but I want to publicly state my objections and warn you that there will be consequences.
