ORDER

Adopted: November 8, 2002

Released: November 12, 2002

By the Commission:

1. In this order, we suspend implementation of four accounting and recordkeeping rule modifications previously adopted by the Commission. The purpose of this suspension is to allow the recently-established Federal-State Joint Conference on Accounting Issues (Joint Conference) to review these rules before carriers are required to implement them. 1 This suspension is warranted because of the great interest among Joint Conference members regarding these changes to our accounting rules.

2. On November 5, 2001, the Commission released a Report and Order and Further Notice of Proposed Rulemaking as part of its biennial review of accounting requirements and Automated Reponing Management Information System (ARMIS) reporting requirements.2 In

the order. the Commission adopted a number of accounting and reporting requirement reforms. The reforms included the creation of several new Part 32 Uniform System of Accounts subaccounts and the elimination *or* modification of other ~~Part~~ 32 accounts and subaccounts and modification of ARMIS reporting requirements.³ Changes to the Part 32 accounting rules are scheduled to take effect January 1, 2003.⁴

3. On March 8, 2002. BellSouth Corporation, SBC Communications Inc.. and Verizon filed a joint petition for reconsideration of the *Phase 2 Report and Order.*⁵ The petitioners asked that two newly-created subaccounts – the wholesale and retail subaccounts to Account 6620, Services – be eliminated.⁶ The petitioners also requested that the Commission change the reporting of "Loop Sheath Kilometers" back to "Sheath Kilometers."⁷ The petitioners argued that the Commission should delay implementation of the relevant rule changes pending review of the arguments raised in the reconsideration petition.⁸ The petitioners asserted that implementation of the rule changes **will** be very costly and time-consuming. and requested that they not be required to undertake this **work** while the Commission considers their petition.⁹ AT&T Corp. opposed both the petition for reconsideration and the request to delay implementation.¹⁰

4. On September 5, 2002. the Commission convened the Federal-State Joint Conference on Accounting Issues. which is undertaking "a cooperative federal and state review of regulatory accounting and reporting requirements in order to determine their adequacy and effectiveness in the current market and make recommendations for improvements."¹¹ In

preliminary discussions, members of the Joint Conference have identified the following two Pan 32 accounting changes adopted in the *Phase 2 Order* that they believe should be subject to further consideration before they are implemented: (1) the consolidation of Account 5230. Directory revenue. with other miscellaneous revenue accounts into Account 5200. Miscellaneous revenue; and (2) the consolidation of the depreciation and amortization expense accounts (Accounts 6561 through 6565) into Account 6562. Depreciation and amortization expenses.

5. We believe that further consideration of these changes before their implementation is reasonable and will advance the work of the Joint Conference. We therefore defer the implementation of the following accounting and reporting requirement rule changes for **six** months to allow further consideration by the Joint Conference: (1) the consolidation of Accounts 6621 through 6623 into Account 6620. with subaccounts for wholesale and retail;" (2) the consolidation of Account 5230. Directory revenue. into Account 5200. Miscellaneous revenue;" (3) the consolidation of the depreciation and amortization expense accounts (Accounts 6561 through 6565) into Account 6562.
