

I'm writing as a professional journalist and citizen of the United States to oppose any further loosening of rules governing the concentration of media ownership. Allowing greater concentration of media ownership HURTS DEMOCRACY. The FCC should make looking out for the interests of the people of the United States it's top priority. Helping huge corporate interests, who also happen to be huge political contributors, line their pockets and stifle diversity of broadcast and print viewpoints is directly opposed to the interests of the people. Please do not sell us out.
