

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

I want more regulation of the media
I want corporations to commit to providing
free campaign ads/time for all candidates
for two months prior to elections and I
free air time and space for
diverse opinions to be aired on a daily
basis on all airwaves and the internet
must also be protected for public use
and access for the flow of diverse
opinions and ideas... We want a Free
Society--not controlled by corporations
who only want money! Government
should be looking out for our Public interests
instead of giving them away to the
highest bidders!!! Campaign ad reform NOW
