Re: Improving Public Safety Communications in the 800 MHz Band  
WT Docket No. 02-55

Dear Ms. Dortch:

On January 17, 2003, Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA) met with Commissioner Kevin J. Martin and Sam Feder, Legal Advisor, to discuss the above-referenced *NPRM* seeking comments on improving a public safety-CMRS interference problem in the 800 MHz band.

At the meeting, ITA reviewed the Supplemental Filing of the Consensus Parties. I specifically addressed the border region plan, the funding proposal, the timing and interference protections addressed in the Supplemental Filing.

If there is anything I may do to further assist the Commission, please do not hesitate to contact me.

Sincerely,

/s/ Jeremy Denton  
Jeremy Denton  
Director, Government Affairs
