Re: Improving Public Safety Communications in the 800 MHz Band
WT Docket No. 02-55

Dear Ms. Dortch:

On January 23, 2003, Laura Smith and Jeremy Denton of the Industrial Telecommunications Association, Inc. (ITA) met with Barry Ohlson, Interim Legal Advisor to Commissioner Jonathan Adelstein, to discuss the above-referenced *NPRM* seeking comments on improving a public safety-CMRS interference problem in the 800 MHz band.

At the meeting, ITA reiterated its position on file in the docket as a party to the Consensus Plan. ITA further outlined those who have supported the plan and those who have opposed the plan, as seen in the record, while addressing the main issues presented by the Consensus Parties in the Supplemental filing.

If there is anything I may do to further assist the Commission, please do not hesitate to contact me.

Sincerely,

/s/ Jeremy Denton
