

Do not let the Bell "Wolves" own the chicken coop you already allow them to dominate. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. DO NOT DO IT. Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country. If you want to see our country go through another revolution - keep on the path you politicians are going. It's time for some level-headed, moral and ethical thinking to take place in Washington and it doesn't appear to be happening with you people at the helm.
