The Honorable W.J. (Billy) Tauzin
United States House of Representatives
2183 Rayburn House Office Building
Washington, DC 20515

Dear Representative Tauzin:

Winnebago Cooperative Telephone Association (WCTA) provides a full range of quality, reliable telecommunication services and products to communities in north central Iowa and south central Minnesota serving over 8,300 customers.

WCTA, like many other rural telephone companies, made investments in our telecommunications equipment to resolve the "telemarketing nuisance calls" when requested by our customers.

We call our service, "Telemarker Call Screening". I have **attached** an excerpt from our newsletter describing the feature, and **also** enclosed a brochure.

I am writing to express *my* concerns of **the** development **of** a national "do-not-call" database list, and the cost to individual carriers, such as WCTA, to maintain **the** database. Especially when I have already made an investment to provide a service to my customers to block telemarketing **calls**.

Why develop a "do-not-call" telemarketing list, and create additional governmental bureaucracies, when there already is a means to block the telemarketing **calls** for customers requesting the **service**?

Sincerely,

Terry Wegener
General Manager

Telemarketer Call Screening

It never fails ...

AS soon as you sit down at the dinner table the annoying telemarketing calls begin. If you are tired of being interrupted by telemarketing calls, you need Telemarketer Call Screening (TCS) from WCTA.

Stop annoying telemarketer calls.

TCS will help eliminate interruptions by intercepting telemarketers and instructing them to place you on their "Do Not Call" list, all without even ringing your phone! Other callers are asked to dial "1" or stay on the line to be connected. It's simple, easy and only \$2.75 per month.

Sign up today..

It's easy. Simply fill out the back side of this sheet and return it to WCTA.

Tired of Racing to the Phone Only to Find It's a Telemarketer?

There is no doubt that telemarketing **calls** can be **intrusive** and frustrating, especially during dinner family time. **WCTA's** Telemarketer Call Screening can help put an end to annoying telemarketing calls.

Here is how it works: Most telemarketer calls are delivered as "Unknown". Telemarketer **Call** Screening intercepts these calls and plays an announcement stating:

"The number you have reached does not accept **calls** from **telemarketers**. **If** you are a telemarketer, please add this number to your **'Do Not Call'** list and hang up now. Otherwise, please press 1 or stay on the line and your call will go through."

The best part **is**, your phone doesn't even ring! Call WCTA today at 1-800-592-6105 to put an end to annoying **telemarketers** at your house. **It's** fast, easy, and only \$2.75 per month.
