

Do not let the Bell "Wolves" own the chicken coop you already allow them to dominate. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. DO NOT DO IT. Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country. As Americans with the right to choose what we will, this is wrong. It is our right to go with a company that best suits our own individual needs and is capable of ensuring friendly, quality customer service. Something by the way, these huge corporations do not obviously understand the concept. It is not your right it is ours and I as a tax paying american am appalled.
