State Certification of Support for Western Wireless

Dear **Ms.** Dortch and Ms. Flannery:

The South Dakota Public Utilities Commission ("SDPUC") hereby states that Western Wireless Corporation ("Western Wireless"), a competitive eligible telecommunications carrier, has been certified to receive support pursuant to 47 C.F.R. §§ 54.301, 54.305, andlor 54.307 andlor part 36, subpart F. On January 31, 2003, Western Wireless filed a Request for Certification with the SDPUC which supports its affirmation that all federal high-cost support provided to it will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act.

Enclosed is the Order Granting Certification *to Western Wireless*. Should you have any questions, please do not hesitate *to* contact us for further information.

Sincerely,

Robert K. Sahr
Chairman

Gary Hanson
Commissioner

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF)	ORDER GRANTING
WESTERN WIRELESS CORPORATION FOR)	CERTIFICATION
CERTIFICATION REGARDING ITS USE OF)	
FEDERAL UNIVERSAL SERVICE SUPPORT)	TC03-045

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.¹ This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers (ETCs) providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers or ETCs within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

On January 31, 2003, the South Dakota Public Utilities Commission (Commission) received a filing from Western Wireless Corporation (Western Wireless) regarding its Request for Certification. The purpose of this filing was to provide information constituting Western Wireless' plan for the use of its federal universal service support and to otherwise verify that Western Wireless will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Western Wireless listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. Western Wireless filed confidential information regarding this matter pursuant to Staff's request.

On February 6, 2003, the Commission electronically transmitted notice of the filing and the intervention deadline of February 14, 2003, to interested individuals and entities. On February 14, 2003, the Commission received a Petition for Intervention from South Dakota Telecommunications Association (**SDTA**). On February 20, 2003, the commission received Western Wireless' Opposition to **SDTA's** Motion and Grounds for Intervention.

¹CC Docket No. 96-45, CC Docket No. 00-256, For and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.
