

In the manner of
Global Crossing LTD
Debtor in Possession

IB Docket NO. 02-286

Transefor
and

Gc Acquisition Limited

Transforee

I am writing the commission in opposition to any expedited approval or waving of full comment time allowed for the second amendment to application for consent to transfer control and petition for declaratory ruling. This matter is serious. People should be allowed the full time to comment.

I do not feel that this amendment satisfies the request from the commission requiring disclosure of foreign ownership or the limits on foreign ownership. This amendment should be rejected.

Edward M Killilea
