Date: Thu, Feb 20, 2003 9:41 PM
Subject: Lost income due to UNE-P

SUNSHINE PERIOD

Your name, address and the telephone number or numbers involved with your complaint; (if telephone related)

Mr. Terry Nenni
405 Trailhead Way
Martinez, Ca 94553
925-228-4865

A telephone number where you can be reached during the business day;

925-824-7354

Specific information about your complaint, including the names of all companies involved with your complaint;

Federal Communications Commission, specifically Michael Copps. Jonathan Adelstein, Kevin Martin

Names and telephone numbers of the company representatives that you contacted, the dates that you spoke with these representatives, and any other information that would help process your complaint;

Federal Communications Commission, Kevin Martin

If telephone related, include a copy of the bill(s) listing the disputed charges;

Salary statements available on request.

What type of resolution are you seeking?

I am an employee of SBC and writing this complaint on my behalf. SBC has laid off thousands of employees, cut spending, and cut salaries. Part of my salary is variable, based on company performance. This variable amount was cut by 50% for last year, (payable this year). The key reason identified by management is unfair regulation, specifically UNE-P. The result is accelerated loss of 10 million lines (at last count) most at below cost! You can't sell/lease below cost and expect to stay in business. Your policies have cost me personally, thousands of dollars. The FCC ruling announced today further accelerates my employer into financial disaster. The stock dropped 7.5 % today, down almost 70% from the high. Michael Copps, Jonathan Adelstein, Kevin Martin must take full responsibility for their actions. The variable component reduction to my income is \$5,302. As additional lost income is realized, or if I lose my job altogether as further cutbacks are announced, I will seek any and all lost income from the Federal Communications Commission, specifically Michael Copps, Jonathan Adelstein, Kevin Martin.

Mr. Terry Nenni

CC: Mike Powell, Kathleen Abernathy, Michael Copps, KM KJMWEB, Commissioner
Adelstein

Dear FCC Commissioner: Elimination of competitive access to wholesale phone networks will kill local competition and leave consumers with the worst of both worlds, an unregulated monopoly. Please reject the Bells self serving proposals to eliminate the UNE-Ps, which would pave the way for a bigger, meaner phone monopoly unrestrained by regulatory oversight.

Sincerely, joe volpe

Message from Pamela McNeeley

POB 723
Forest Knolls, CA 94933

Dear FCC Commissioner:

I urge you to keep competitive access to wholesale phone networks.

If you eliminate this crucial bit of competition, phone rates will go up.

By the way, SBC purchased Pacific Bell, and SBC's service is worse and has become more expensive. There are also complaints from line men to me. SBC is not a consumer friendly company.

Please reject the Bells self serving proposals to eliminate the UNE-Ps, which would pave the way for a bigger, meaner phone monopoly unrestrained by regulatory oversight.

Sincerely,

Pamela McNeeley

Dear FCC Commissioner: Elimination of competitive access to wholesale phone networks will kill local competition and leave consumers with the worst of both worlds, an unregulated monopoly. We in California know the disaster eliminating regulation brings. We went through a disasterous power crisis klast year brought on by the deregulation of power generation with the result that generators manipulated the market to gouge the public. Don't let this happen again! Please reject the Bells self serving proposals to eliminate the UNE-Ps, which would pave the way for a bigger, meaner phone monopoly unrestrained by regulatory oversight.

Sincerely,
Carl Mariz

Dear Commissioner Kathleen Abernathy:

I ask your support for the continued availability of the "UNE-Platform."

My company, Access One, offers local telephone service in select SBC territories. The company has achieved increasing success largely because it utilizes the combination of "unbundled network elements" – the UNE-Platform - to serve customers. It is absolutely critical that we have continued access to the UNE-Platform to remain competitive.

Unfortunately, the Regional Bell Operating Companies have launched a full-scale attack on the UNE-Platform, realizing it is a major threat to their continued market dominance. Their strategy is to impose certain restrictions on individual network elements that would destroy the competitive value of the UNE-Platform. If the RBOCs succeed, it will all but end any chance for consumers to enjoy the benefits of meaningful competition in local phone service.

Please oppose any effort at the Federal Communications Commission or at state agencies to limit the availability of the UNE-Platform. The UNE-Platform should be firmly and permanently established as a viable service option for competitive telecom carriers.

Thank you very much for your time and attention to this important matter.

Sincerely,

Meredith Arlo
