Dear Mr. Powell:

The greatness of our country comes from the freedom to express ideas -- all ideas. The FCC's proposal to weaken media ownership rules is a threat to our democracy.

Let freedom ring. Let information flow freely. Please reconsider this un-American policy.

Sincerely,

I Paul Janusiewicz am writing to you today to say I oppose loosening media ownership standard's. I urge the F.C.C. to tighten the standard's and restrict the growth of media monopoly in America. I think the owner's should be American by birth and report the new's the way it should be reported 100% truth do not deregulate our new's reporting. Do we get the truth on new's reporting? I will ask you to get a copy of 9-11-The Road To Tyranny by Alex-Jones call 1-888-253-3139 and get part 1 - and part 2 of this video. His address

Dear FCC commissioners,

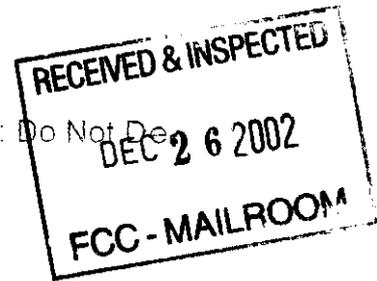

I'm strongly opposed to any and all plans to loosen current media ownership restrictions. If anything, current standards should be tightened. No media monopoly.

Sincerely,
Robert Baum

Re: Media regulation: **Strengthen** Rules on Media Ownership: Do Not De-Regulate

Dear Mr. Powell:

The FCC's proposal to weaken media ownership rules is a dangerous threat to freedom of the press in America and to the survival of our democracy.

Concentrated ownership of the media has already resulted in the loss of most reporting of foreign news; a dumbing-down and sensationalizing of domestic news reporting; and domination of many broadcast outlets by right-wing propagandists posing as journalists.

No people can be both ignorant and free.

Please do not weaken ownership controls; instead, strengthen them and require users of the public airwaves to engage in responsible journalism in return for their highly-lucrative broadcast licenses.

Sincerely,
