SUBJECT: Stop Media Deregulation

Dear FCC,

I urge you to promote a diverse, balanced, and competitive media. I have petitioned my representatives in Congress to stop the FCC rule change (02-277) on June 2.

A diverse media is essential for a true democracy. We allow media companies to use the airwaves in exchange for their assurance that they're serving the public interest, and it's the FCC's job to make sure that's so. The FCC should be held to this mandate.

Thank you for this opportunity to comment.

Sincerely,
David D. Shelton
