

GX plan gives nothing to cheated shareholders & 8% to corrupt Management. Global Access will include shareholders. Please support JUSTICE. Support the Americans who have had their company hijacked. Please do not approve the GX Singapore deal. GX Mngt. never wanted the best bidder, just the bidder who will pay them the most. This conflict of interest is public knowledge and all Gov. agencies from the Presidential staff down will be judged and held responsible. Make this a Gov. for the people squash the GX/Singapore deal
Simon {GX shareholder} Thank you. Sincerely Todd
