

I am contacting the Federal Communications Commission to publicly state that I am against the change of rule allowing a single company from owning TV stations that reach U.S household to increase from 35% to 45%.

I am also against the rule change relaxing the regulations on ownership of newspapers and TV and radio stations.

Additionally, I do not support further relaxation of the rules regarding the number of stations that can be owned by one company in one media market.

Finally, I request that the FCC seek public comment by delaying the vote on June 2, 2003 on these issues instead conduct public hearings in major metropolitan areas. I request at least two public hearing be held in Louisiana.
