Re. FCC MB #02-277

JAN 27 2003

Ladies & Gentlemen:

Federal Communications Commission
Office of the Secretary

It has been called to our attention that certain government sources are trying to eliminate the few remaining Rules and Regulations that restrict big business from making a Monopoly of the FCC and particularly the radio communication industry. It amazes me to think that America has come so far just to be set back by a few.

I am copying both of my senators and the new representative for this district in hopes that these legislators can take up the fight against what we believe is an attempt to further "tilt" the playing field in favor of conservative government and big business.

- If I can be of any further assistance, please feel free to contact my office.

Respectfully,

Richard A. Peters

- Sen Jeff Sessions
- Rep Spence Bachus
- Rep Artur Davis
