

I exhort you to delay making a final decision on the issues of broadcast media ownership until the Commission opens its deliberations to public comments. The haste and heedlessness with which the Chairman is pursuing the relaxation of current regulations is itself anti-democratic and, I am convinced, will do lasting damage to our democracy.

How typical of the Chairman's modus operandi to make online comments the only medium for public input. What else should we expect from someone who speaks of the Mercedes divide. Shame.
