

Dear Michael Powell and Republican FCC commissioners:

Considering the relative lack of coverage of this issue in the mainstream media (a clear indication of conflict of interest, already in place), I'm sure you must agree that the groundswell of resistance to your proposed changes to FCC regs shows how undemocratic, on your part, such changes would be. Please to not further enable corporate media ownership. It demonstrates an unfair, special interest favoritism, NOT a reflection of citizens' rights.

Thank you.
