My name is Elaine Simbolo. I like my job because I can gain experience to get better jobs. My job is no different from commercials on T.V., radio, and pop-ups on the internet. My job is just another form of advertising.

I oppose the National DNC list and the restrictions on Predictive Dialers. I also support Teleperformance USA's and the American Telemarketing Association's proposed modifications to the FTC rules.

Thank you for your full consideration on this topic.

My name is Katrina Berg, and I work at Teleperformance USA. I am an agent for one of their clientele. I enjoy working for Teleperformance USA. It is a fun working environment, and I enjoy the company of my co-workers. The products that I sell are for Doctors offices. I provide them with the necessary products for their billing and coding services. I believe by calling their offices we make their life a little easier by bringing our products to their door, in a manor of speaking. We help them so they can be assured that they will receive the products they need, so that their offices can run efficiently every year!

My job helps my family and I by paying our monthly bills. If I were to lose my job I have no idea how I would come up with the money to pay my bills. I would also have no idea where I could find a job that would pay enough to pay all of my monthly bills.

I just wanted to write to let you know that I oppose the National DNC List and the restrictions on Predictive Dialers. I also support Teleperformance USA and the American Telemarketing Associations proposed modifications to the FTC rules.

Thank you for your consideration on this topic.

My name is Mariam McInelly. I work at Teleperformance USA. I am an agent for one of their clientele. I don't know many people that can say they honestly love their job, and enjoy going to work every morning. I can truthfully say that I love my job and the people I work with. I work for a project that sells coding books to Doctor's Offices, so that they have all of the coding and billing materials that they need in order to run their offices accurately and more efficiently. By calling these customers it not only saves them time but also money. I use to be one of those people that would hang up on "Telemarketers", until I realized the importance of their jobs by becoming one myself.

If you think about the reasons why someone would go to work daily, the most common reason would be to pay their bills. Working in the marketing industry provides me with the necessary means I need to support my family. If I were to loose my job, my family would suffer greatly. I don't know how I would pay my bills every month, and more importantly how I would buy groceries to make sure that my family is fed.

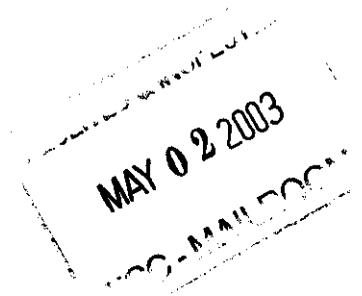

I strongly oppose the National DNC List and restrictions on predictive Dialers. I even more strongly support Teleperformance USA's and the American Telemarketing Associations proposed modification to the FTC rules.

Thank you for your consideration on this topic.

My name is Abinadi Pineda. I work in West Valley City, UT and I am an agent for Teleperformance USA. I feel that my job in sales is a very important resource because of the diverse products that we sell to a wide variety of people. I personally speak to people in the medical field everyday, and provide them with the materials that they need to do their jobs more efficiently and accurately. The Severity of the National Do Not Call List and the impact it will have on the nation, and also hundreds of thousands of people, is going to be extremely dramatic and completely unnecessary. These are real people that have families to support. In my building alone there are at least 800 people that would lose their jobs. I am not sure how many people have families that they need to support. I do know that everyone here does have to support themselves, and would be in a very bad situation if they lost their jobs.

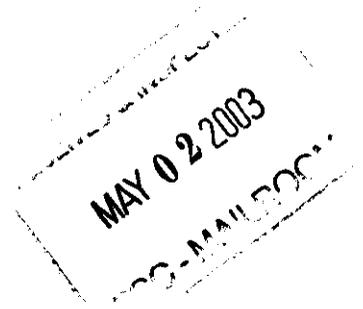

These are only a few of the reasons why I strongly oppose the National DNC List and restrictions on predictive Dialers. I even more strongly support Teleperformance USA's and the American Telemarketing Associations proposed modification to the FTC rules.

Thank you for your consideration on this topic.

My name is Jessica Hixson. I work for a company called Teleperformance USA. My position here at Teleperformance is Team Captain, or Supervisor. I have a team of Agents that make sales calls for various companies, and sale a variety of their products. I make sure that the agents are following all of the calling guidelines, and are giving the customers the best customer service possible. I am not only writing this letter for myself, but also on behalf of all of agents that make sales calls. I feel that part of my job is to do whatever is in the best interest of the agents.

Each member of my team comes to work everyday with a smile on their face, ready to face everyone that is going to decline the product, or even be verbally abusive on the phone to them. It takes a certain type of person to make or take phone calls 7 or 8 hours a day. These people are strong, hardworking people just trying to make a living. A majority of these agents are working and going to school to better themselves. There are some who for personal reasons cannot attend college, and without this job would have nothing. This job gives them a sense of stability in a not so stable work market. Each one of my agents goes home to a different situation, however I believe that for some reason or another they need their job to support their families. Without their job they would be in a very bad situation. It would hurt me very badly to see such hardworking, honest, and good people be put in that stressful situation of having to wonder what they are going to do next, or how they are going to feed and shelter their families. Without these agents I would also be out of a job. Not knowing what to do next, wondering how I am going to pay my rent and my car payment. That is a situation you wouldn't want to find yourself in, I am sure.

Please keep in mind that the people that make these calls are real people, not machines. And are not being dishonest in any way. They come to work trying to help people, by making the lives or jobs of the people that they speak with a little bit easier. By the end of the day the agents go home feeling satisfied, as if they have accomplished something and made a little bit of a difference in the world. Please don't take this away from them.

These are a few reasons why I oppose the National DNC list and restrictions on Predictive Dialers. I support Teleperformance USA's and the American Telemarketing Association's proposed modifications to the FTC rules.

Thank you for your full consideration on this topic.

I work in the accounting department for TeleperformanceUSA at 1991 South 4550 West Salt Lake City, UT 84104. I am a staff accountant and I perform a variety of accounting duties including: Fixed Assets, Deposit Process, Petty Cash, Rent Checks, General Ledger entries and Financial Reports for our company. I feel that I am a great asset to my company and the community that I live in. My job is willing to work with my schedule so that I can go back to school and further my education. It is also helping me grow in my knowledge of accounting. Although some people say they don't like telemarketers many of them use our services and benefit from our products and convenience. We bring purchasing abilities right into the home like the Internet. If I lose my job my daughter, wife, and I will have to depend on the government for our financial support. The last time I went job hunting I found more than a hundred people looking at a handful of jobs. The economy now is in worse shape then it was back then. I know that I am not the only one that will be affected. There are many people in the state of Utah that will lose their jobs. There will be many families that will be hurt. We will have more people looking for fewer jobs. I oppose the National DNC list and restrictions on Predictive Dialers and support TeleperformanceUSA's and the American Telemarketing Association's proposed modifications to the FTC rules.

To Whom It May Concern:

I work for TeleperformanceUSA - Salt Lake City, Utah as the Divisional Controller in the Accounting department.

As people in this company feel the same, I enjoy my job and have had the opportunity of meeting so many different people from a diverse background. I deal with our operations in India, and Argentina as well as right here in Salt Lake City.

I have worked in the Call Center industry going on 10 years now and feel that the work that is done here has such an impact on our local economy. We take a lot of pride in the professionalism of our phone agents and work with companies that have honest, reliable products. I feel that the calls we make to consumers and the general public, as a telemarketing company, are genuine and in good taste.

There are so many individuals and families that would be devastated by the passing of the National DNC list. Many employees, myself included, would have a difficult time finding a new or different job that would support their families and allow them to continue to live at the level they are at.

With the unemployment rate increasing, I don't see where this Consumer Protection Act would benefit our State or the Nation for that fact. It is the telemarketing industry that gives jobs to individuals and works with communities to help lower the unemployment.

I want you to know that I strongly oppose the National DNC list and restrictions on Predictive Dialers that you are considering and I completely support TeleperformanceUSA and the American Telemarketing Association's proposed modifications to the FTC rules

I WORK IN SALT LAKE CITY, UTAH, FOR TELEPERFORMANCE USA. I AM A TELEPHONE SERVICE REPRESENTATIVE. I REALLY LIKE MY JOB BECAUSE IT IS A JOB I KNOW IS STABLE, AND IS THE FIRST JOB THAT I FOUND IN MY FOUR MONTHS OF JOB SEARCHING.

MY JOB IS VERY IMPORTANT TO MY WELL-BEING, BECAUSE NOW I WILL BE ABLE TO SUPPORT MYSELF, AND NOT BE A BURDEN ON MY LOVED ONES, WHICH ALREADY HAVE BEEN SUPPORTING ME, WHICH TOOK MONEY FROM THEIR POCKET. IF I LOST MY JOB I WOULD NOT BE ABLE TO SUPPORT MYSELF, AND SAVE MONEY FOR MY FUTURE, AND MY LOVED ONES WOULD LOSE MORE MONEY SUPPORTING ME AGAIN, AND THEN IT WOULD PROBABLY TAKE ME LONGER TO FIND ANOTHER JOB.

I FULLY ~~OPPOSE~~ THINK THAT THE PRODUCTS I AM SELLING ARE GOOD AND HELPFUL TO THOSE THAT WANT IT. I THINK THE PEOPLE I AM SELLING MY PRODUCTS DESERVE THE RIGHT TO HAVE THE CHANCE OF DECIDING IF THE PRODUCT IS RIGHT FOR THEM.

I AM TOTALLY OPPOSE THE NATIONAL DNC LIST AND RESTRICTIONS ON PROSPECTIVE DEALERS AND I FULLY SUPPORT TELEPERFORMANCE USA'S AND THE AMERICAN TELEMARKETING ASSOCIATION'S PROPOSED MODIFICATIONS TO THE FTC RULES.

My name is Judy and I have been in the Telemarketing Industry for almost 4 years. I work for Teleperformance USA in Salt Lake City, Utah. I am currently a TSR working full time to support my 6 month old daughter. The job market situation today is hard enough w/ millions of unemployed people trying to get jobs. If this act is put into place I will no longer have a way to support my family. The only experience I have is as a telemarketer & I would have to start all over again making minimum wage, which is not a living. Although others may see our occupation as a nuisance but those of us making those calls see it as a way to provide for our families and put food on the table. I strongly oppose the National DNC list and restrictions on Predictive Dialers. We are all citizens and deserve the right to voice our opinion as well!

To whom it may concern:

My name is Felipe Gutierrez, I live in Salt Lake City, Utah and work for Teleperformance U.S.A. As a telephone Sales Representative, I know the importance of calling centers and the telemarketing industry, and the impact that it has on our economy, but most important, in our lives and the lives of our other fellow workers who count and depend on a good, honest and legitimate job in order to support their families and themselves. Personally, my job is very important to me. Trying to get into college, if my only source of income is lost, it will make it so much harder, almost impossible to do so, limiting my opportunities for a better job in the future.

I oppose the National DNC list and restrictions on Predictive Dialers because it will cut jobs and families' income all over the country affecting US ALL in our economy.

The Job Market will decrease, limiting many jobs that everyone and anyone could take advantage of. We will be limiting ~~our~~ opportunities to YOUR children and the rest of the population in desperate need of them.

I support Teleperformance U.S.A.'s and the American telemarketing Association's proposed modification to the FTC Rules.

Ref. CG Docket No 02-278
Rules and Regulations Implementing the Telephone Consumer Protection Act of 1991

" If people only knew the impact that Telemarketing and similar forms of Advertising have on the economy, and the numerous jobs that it creates for them, us, and our children, All of a sudden Telemarketing calls wouldn't be just an annoying ring with a machine at the other end of the line, but a sure and secure way of ensuring our economy for the sake of all of our lives."

I oppose the National DNC list and restrictions on Predictive Dialers.

TELEPERFORMANCE USA
SALT LAKE CITY, UTAH

I AM A TSR FOR SPRINT PCS, I FEEL
TELEMARKETING IS A GREAT OPPORTUNITY FOR ME
AND MY FUTURE, I FEEL THAT THIS HONEST
WAY OF MARKETING IS GREAT TO GET PEOPLE
TO TRY SOME OF THE GREAT DEALS THESE
COMPANIES PROVIDE, AND THE PEOPLE WE
TALK TO ARE GREAT AND APPRECIATE THE
OFFERS. (EVERY ONE LIKES A GOOD DEAL - ITS THE
AMERICAN WAY!)

ITS SIMPLE MARKETING BUT COMPLICATED RESULTS
IF NO JOBS. ITS BEEN SO HARD TO FINALLY FIND A GOOD
JOB AND TO LOOSE IT WOULD BE CRITICAL.

I ~~WANT TO~~ OPPOSE THE NATIONAL DNC LIST AND RESTRICTIONS ON
PREDICTIVE DIALERS COMPLETELY. I SUPPORT TELEPERFORMANCE &
THE ATA'S PURPOSED MODIFICATIONS TO THE FTC RULES.
