Only a corrupted Congress can stop them now?

Who are the monopoly men behind the Broadcast Cartel curtain? What sinister secrets support Scripps-Howard-Newspapers/COMCAST-TV-ISP/ATT-telephone empire?

Clear Channel's radio monopoly censored a list of 150 pop songs in the wake of 9-11-2001. Apparently for reminding Americans of the impotence of the White House to protect the safety of USA. Presumably, FCC headman Micheal Powell (son of treasonous traitor General Colin Powell, who aided and abetted the murders of 40,000 US Gulf War #1 military veterans and their families for the Bush crime family's narco cartel) and his GOP commissioners perped this censorship crime on USA to aid the royal Bush cartel's consolidation of brainwashing power.

"If this were a dictatorship, it'd be a heck of a lot easier, just so long as I'm the dictator."
—President-Elect George "Texascutioner" Bush, CNN News, Aired December 18, 2000

The following news has been reported (and jammed) heavily via shortwave broadcasting, along with AM, FM, Pirate/Micro FM, TV, CATV, Internet streams and videotape sales. Connecting the dots quickly reveals motive for shutting up shortwave BCB, if not shutting down ham communications entirely (as performed during times of war, like WWs 1&2).

Scripps Howard multinational multimedia cartel owns COMCAST broadband ISP service, along with cable TV networks like Food Network and DIY Network. It apparently "owns" local NBC/FOX TV stations in Knoxville, Tennessee (WATE). It controls email and website censorship via its ATT Worldnet ISP division. It owns monopolies in newspaper markets, like in its hometown HQ in Knoxville, Tennessee. It seeks, demands and wins hundreds of millions (if not billions) of taxdollars in corporate welfare, at the expense of home owners, renters and so-called "small" biz owners (any company not a multinational... yet).

How do I know this communications intelligence? Because I live in Knoxville, read the news, I've performed \$10,000s in legal research and because this corporation and its agents (and its masters) illegally censored and cancelled my website (that loudly complained of its corporate welfare and other dirty dealings), cancelled by ISP without notice, and censored by email. All for daring to repost a newspaper article by Reuters News Service Corporation (AKA alleged "SPAM"). Scripps et al illegally conspired by Dreamhost.com webhosting to violate its contract with me and illegally cancel my website without notice, for daring to send an email via ATT telephone lines.

Perhaps these criminals did not appreciate my websites and emails reporting their public confessions of looting \$20-million welfare from Knoxville to abandon their toxic waste dump downtown to win a free new HQ from the taxpayers? Or Scripps' plan to embezzle a billion dollar welfare check for demolition of downtown to build its Universe Knoxville theme park to the Scripps empire. This crime WILL be litigated for breach of contract and fraud. "Slam dunk", as the legal professionals call it. And I'll be transferring my monthly payments to the uncensored Infowars.net ISP/email/webhosting.

Knoxville Mayor Victor Ashe is annexing Knox County every week to double taxes to fund Scripps' empire building, and proclaimed in city council, October 2000: "You will pay any tax increase I tell you to pay. You can afford it!"

Business reps and lawyers rebutted: "We won't pay \$500,000 property tax increases to get zero improve in our current services. Not only will we abandon Knoxville first, but we will leave Tennessee and the USA!" Apparently, this is exactly Bushes' and Ashe's master plan for their masters of New World Odor Inc.

As city council member Carlene Malone told me and reported in the Metro Pulse press: "It looks like a damn Habitrail with Rocky Top playing in the background. The people who designed it must be frigging brain dead—turning downtown into a theme park mall for Stepford Childs. Call in Disney and hoist the Mouse's Ears [a local mafia strip club]. The taxpayers will be paying for this fiasco for generations to come. It will never recover. Knoxville must be the most corrupt city on Earth. On city council with mayor Ashe, I was in the presence of evil."

Malone then proceeded to sue the mayor and city council for holding illegal secret meetings.

Scripps' illegal behavior is the legal definition of racketeering and organized crime. Codified federal and state RICO Acts specifically apply to corporations and "GOVERNMENTAL" agencies and employees. Government prosecutors routinely convict such criminals for their conspiracies. My own father joined the dream team of USA's top 100 trial lawyers of Christic Institute that RICO prosecuted George Bush Sr's CIA narcoterror cartel for mass murder of US journalists in La Penca Resort during the Iran-Iraq-Contra crimes, trials and convictions. Bush's ambassador, Lewis Tambs, was expelled by Costa Rica for using the US embassy to officially import/export cocaine for the Bush White House.

Owners of Scripps-Howard empire are reportedly members of Satanic Bohemian Club, which hosts the annual presidential retreat at its 2,500 acre Bohemian Grove north of San Francisco, California. Amongst the giant redwood trees, US presidents, world leaders, Pentagon generals (Colin Powell) and media moguls (FCC head is General Powell's son) romp nekked through the forests, hold bizarre pissing contests, and perform "mock" human sacrificies to their 50-foot-tall stone idol named Owl of Bohemia (evil voice by Walter Cronkite). All with the protection of Secret Service and Sonoma County sheriffs deputies (and their extortionist video cams).

After a team of journalists from Austin Texas and England infiltrated with their own video cams, and eyewitnessed the annual Cremation of Care ceremony, under the full moon. And the human sacrifice burned screaming on the stone altar... Real TV from HELL:

New York Times attempted a 25-page hit piece on the videographer Alex Jones. The Simpsons Bohemian producer made a Hollywood movie, Teddy Bear's Picnic, to attempt descreditation of Jones (released on video in June 2003). Perhaps they didn't appreciate USA learning that Bill Clinton Blythe IV (Rockefeller Rothschild, heir to royal Eurotrash) vacations every year with Sir George Bush Sr Knight of the British Empire, and George Bush Jr 3rd cousin to the German Queen Elizabeth of England (AKA NAZI Sax Coberg Gotha)? At least their royal cousin prince Albert Gore Jr didn't join their perverted nudist colony.

Georges Bush, Senator John Kerry (D presidential hopeful in 2004, chairman of Senate Iran Contra hearings, who confessed the CIA/DEA/Pentagon/FBI officially converted itself into a narcoterror organization) and Knoxville mayor Ashe are alumni of Yale Skull and Boners Senior Secret Society (AKA "Brotherhood of Death"), where they are initiated while stripped nekked in coffins while masterbating with their buddies (as reported on NBC TODAY Show, and get married the same way. New Yorker Magazine reported that one room of its tomb is adorned with NAZI paraphenalia, and that they eat of Adolf Hitler's silverware. Fox TV broadcast Skull's ritual initiation in 2001, complete with the slitting of a screaming woman's throat with blood spurting out, and Little Devils helping Big Devils scream "DEVIL EQUALS DEATH! DEATH EQUALS DEATH!" While reenacting the "reaming of Al Gore's bumhole."

Fox News et al have reported "briefly" the fact that George Bush Jr et al are currently sued by the US Postal Service, FBI agents, Pentagon commanders, and families of victims of the 9-11-2001 terror massacre -- FOR PERPING THE 9-11-2001 AND ANTHRAX TERROR MASSACRES.

(San Francisco Federal District Court, prosecuted by attorney Stanley Hilton, Bob Dole's former chief of staff, who also is seeking criminal arrests and prosecutions).

Trillionaire Resident George Bush Jr is a confessed four-time

convicted felon and Vietnam War deserter (while serving his parole in Houston Texas at a government housing project), in business with the Bin Laden family via Carlyle Group Pentagon contractor, and Carlyle's recent purchase of Universal Studios in Hollywood. Granddaddy Senator Prescott Bush Esquire, a Wall Street trial lawyer, was arrested and handcuffed 3 times under Trading With The Enemy Act for supplying Adolf Hilter with 50% of the steel the NAZIs used DURING World War 2 to help kill 55-million people. Prescott pled guilty and paid a \$750,000 criminal fine. What do we expect from a felon who graverobbed and chopped the head off Native American chief Geronimo and displayed it on Yale Skull & Boners mantle?

No wonder Bush et al's Homeland Security Police and anti-U.S.A.P.A.T.R.I.O.T. Acts threaten EVERY right that Americans wish they had - and grants elite criminals blanket immunity. No wonder 100s of cities and the entire State of Alaska has BANNED the so-called U.S.A.P.A.T.R.I.O.T. Act, and promise criminal prosecution for any cop who attempts to enforce its illegal orders:

Censorship and homicide of American Radio - who done it?

Could it be... SATAN?! Or just a bunch of superrich psychopaths running amok?

As one psychiatrist explained on radio news last week: "The higher you go in ANY organization, the more psychopaths you meet. To rise to the top (like scum), a person has to stab more and more people (competitors) in the back, thus killing one's own soul and conscience in the process."

To save our airwaves from the Bohemian barons (according to Bob Dole's former chief of staff), Resident George Bush Jr, CIA Company and Pentagon/FCC crooks must be arrested, imprisoned, tortured, prosecuted, convicted, sentenced to life in prison or summary execution under their own U.S.A.P.A.T.R.I.O.T. Acts. We know there are no cops with honesty or bravery enough to do the job, since cops prefer to make 99% arrests of honest people for alleged civil parking and civil traffic voluntary contract violations (when criminal copsters aren't dealing \$10,000 a week in narcoterror). Anyone care to make a citizen's arrest...?
