**Report of Leaco Rural Telephone Cooperative, Inc.  
Regarding TTY Access to Digital Wireless Systems**

Leaco Rural Telephone Cooperative, Inc. (“Leaco”), by its attorneys, hereby provides this report on its implementation of text telephone (“TTY”) access to digital wireless systems pursuant to the Federal Communications Commission’s (“FCC” or “Commission”) *Waiver Grant Order* in the above-captioned proceeding.<sup>1</sup>

In its last supplemental report and request for waiver, filed on June 26, 2003, Leaco reported that all that remained for Leaco’s digital TTY implementation was the conversion of Leaco’s communication links by its third-party SS7 data links and database provider, TSI. TSI is on schedule to “convert” Leaco’s communication links on July 21, 2003, and once Leaco performs the final tests of its “on air” digital TTY solution after the conversion, Leaco expects to be digital TTY compatible by July 31, 2003.
