Subject: Global Crossing's assets

Dear Chairman Powell:

As a former Captain the in the US Air Force, I am very concerned that a potential enemy or proxy for an enemy may gain control of sensitive communications networks. Global Crossing's assets must remain in a US based company's hands! To not do this, would be a monstrous mistake.

Please do not allow the treacherous act of selling the Global Crossing assets to Singapore Technologies Telemedia or some other non-US based corporation to occur.

Sincerely,
James Jones
