Re: Notice of *Ex Parte* Presentation in ET Docket No. 10-278.

Dear Ms. Dortch:

On July 17, 2003, Tom Dombrowsky and I of this firm, and Gene Robinson, on behalf of Savi Technology, Inc., met with Paul Margie of Commissioner Copps' staff to discuss the above-referenced proceeding.

The purpose of this meeting was to discuss the need for action on the rule change proposed in this docket and to discuss a recent test of the Savi technology conducted by the United States Navy. The substance of Savi's presentation is reflected in a written *ex parte* presentation submitted in the record of this proceeding on June 27, 2003. In addition, the use of the Savi product to enhance U.S. port security was discussed, and a copy of a "60 Minutes" broadcast regarding port security (and previously submitted in the record of this proceeding) was left with Mr. Margie.

In accordance with the Commission's rules, a copy of this letter is being submitted electronically for inclusion with the record of this proceeding. If you have any questions or would like any additional information, please let me know.

Sincerely,

Robert L. Pettit  
Counsel for Savi Technology, Inc.
