**Subject:** Broadcast Ownership Rules

Dear Ms. Abernathy:

I urge you NOT to relax the broadcast ownership rules that protect American citizens from media monopolies.

These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities across our nation. And many of the corporations that are

now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air.

The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our democracy and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped to ensure a healthy political debate in our country.

Sincerely,

If you observe the natural world and how it has assorted itself over countless thousands and millions of years, you will find that *\*DIVERSITY\** is the rule of the day. In no single natural ecosystem, will you find only *ONE* species in dominance, but rather a multiplicity of species working things out together.

To lose diversity in our country's media is a really unfortunate idea, therefore, one that bodes only ill. I hope you will see the light on this matter, and proceed accordingly. By choosing otherwise, you make a lie of any true democratic system.

I urge you to protect the public interest by opposing the FCC's plans to end critical safeguards designed to ensure diversity of media ownership and to delay the unnecessarily rushed vote on media ownership. As a journalist, I feel the consolidated corporate control would cause irreparable harm to journalism's credibility and appearance of impartiality. With the recent scandal at The New York Times, the image of integrity must be maintained for media outlets to be trusted. Allowing deregulation of media ownership will only further America's distrust of news sources.

Dear Mr. Adelstein:

On June 2, you will vote on a proposal to allow the same company to own newspapers, and television and radio stations in local communities. This multiple ownership will create a monopoly of information that threatens a diverse, independent, and competitive media. The concentration of ownership is not in the interest of an informed citizenry necessary in a democratic society.

I urge you to support democracy by voting against this proposed rule. Don't allow big media to get even bigger.

After the vote, Democratic Commissioner Jonathan Adelstein called the changes "the most sweeping and destructive rollback of consumer protection rules in the history of American broadcasting."

"This is far from over," he said. "Congress may prove more responsive to the citizens who passionately plead for the independence and diversity of their media."

It ain't over til it's over....

Thanks to the democrat FCC commissioners and senators + a few smart republicans

Lets send "this Powell" where we sent Adam Clayton Powell, same name, same cloth.

This type of legislation would counter the effects of free speech that our country is founded on. Already it is increasingly difficult to find real news that is not submitted to the media by a corporate public relations firm. Diversity of media is essential to democracy.
