WIRELESS TELECOMMUNICATIONS BUREAU

REGION 42 (VIRGINIA) PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES REGION 42 800 MHZ REGIONAL PLANNING MEETING (PR DOCKET NO. 91-300)

The Region 42 (Virginia) 800 MHz Public Safety Planning Committee announces that its next planning meeting will be held on Thursday, July 31, 2003 at 1:30 pm at the Charlottesville-UVA-Albemarle County Emergency Communications Center, 2306 Ivy Road, Charlottesville, Virginia. The purpose of the meeting is to discuss pending Region 42 800 MHz license application matters and to receive any new license applications that may be submitted.

The Region 42 Public Safety Planning Committee meeting is open to the public. All eligible public safety providers in Virginia may utilize these frequencies. It is essential that participants be representatives of all eligible public safety providers in order to ensure that your agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of public safety spectrum in the 800 MHz band within Region 42 should plan to attend. For further information, please contact:

Wayne S. Campagna, Chairman,
Region 42, 800 MHz Public Safety Planning Committee
