Easthampton Community Access Television, Channel 5, offers the resource to anyone who lives or works in the town of Easthampton to learn to produce their own television program, airing on our own local cable channel. Whether you want to present an oral history project about Easthampton, document local sports, present a theater or music production, the only things which limit what you can learn and do are your time and your imagination. So, stop complaining about what television is and help make it something you want to see! If you would like to pre-register for the next series of classes, please call (413)529-1425.
