PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2. Petitioner proposes the Commission allot FM channel 221A to Redding, California as its fourth commercial FM service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Redding, CA	247C, 251C, 282C	221A, 247C, 251C, 282C

3. Redding is an incorporated city located in northern California. It is located in Shasta County. In 2000, the United States Census Bureau estimated that Redding had a population of 80,865 persons.

4. FM channel 221A can be assigned to Redding in full compliance with the Commission's minimum distance separation requirements without a site restriction. This is illustrated in the attached spacing study. Coordinates used are N 40:34:35, W 122:22:12 and are those listed in the National Atlas for Redding, CA.

5. Petitioner, or an entity with which she is affiliated, intends to apply for a construction permit to activate channel 221A if it is assigned to Redding as proposed. If her application is granted, she shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

Linda A. Davidson
