

Petition 10805 gives too many phone privileges on HF to Techs. Too crowded as is. Simple, easy solution: Combine Novice, Tech, and Tech+ into Tech license with current Tech+ privileges.No changes need be made, just new licenses issued.Current Novice and Tech+ issued certificate for code to apply toward General. No impact on higher classes.Combine Advanced and Extra into Extra. Little impact on Ham community.Keep everything else - as-is. Easy for FCC. de WB8WIV, Tom Warnock ( an " old " Extra )
