Special Olympics South Carolina appreciates the opportunity to submit this Petition for Reconsideration to the Federal Communications Commission on behalf of DialAmerica in response to your report and order concerning calls made by for-profit companies on behalf of nonprofit organizations whereas there is an inducement to purchase goods or services with part of the proceeds going to the nonprofit.

We believe the Commission should reconsider its opinion and define “predominantly commercial in nature”. DialAmerica is an important revenue provider to Special Olympics programs and many other programs across the United States. The revenue generated by DialAmerica’s programs is a vital part of maintaining services and opportunities to the athletes with intellectual disabilities that Special Olympics South Carolina serves. Please reconsider your opinion on this matter.
