Annual State Certification of Support for Rural Carriers

Dear Ms. Dortch and Ms. Flannery:

The South Dakota Public Utilities Commission (Commission) hereby states that the following rural incumbent local exchange carrier and/or eligible telecommunications carrier within its jurisdiction has been certified to receive support pursuant to 47 CFR §§ 54.301, 54.305, and/or 54.307 and/or part 36, subpart F. The carrier listed below filed a request for certification with the Commission which supports its affirmations that all federal high-cost support provided to it will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act. The Commission has granted certification to the following company:

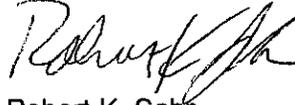

Farmers Mutual Telephone Company (361389)

The Commission is aware that this certification is being filed after the October 1st deadline. The reason for the late filing is that Farmers Mutual Telephone Company failed to request certification until October 1st. As with all requests for certification, the Commission allowed a certain period of time for any interested person to intervene in the docket. After the intervention period closed, the Commission then voted on the certification at a public meeting.

No. of Copies rec'd 0
List ABCDE

Also enclosed is an Order Granting Certification to the above-referenced rural incumbent local exchange carrier and/or eligible telecommunications carrier. Should you have any questions, please do not hesitate to contact us for further information.

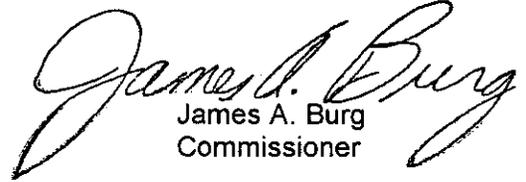

Sincerely,

Robert K. Sahr
Chairman

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF)	ORDER GRANTING
FARMERS MUTUAL TELEPHONE COMPANY)	CERTIFICATION
FOR CERTIFICATION REGARDING ITS USE)	
OF FEDERAL UNIVERSAL SERVICE)	TC03-183
SUPPORT)	

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.¹ This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2004 is currently due to be filed with the FCC and USAC on or before October 1, 2003. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On October 1, 2003, the South Dakota Public Utilities Commission (Commission) received a filing from Farmers Mutual Telephone Company (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use

¹CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On October 2, 2003, the Commission electronically transmitted notice of the filing and the intervention deadline of October 10, 2003, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of October 16, 2003, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 28th day of October, 2003.
