TIME CRUCIAL - VERY IMPORTANT
DOCKET #03-187

To:

Federal Communications Commission,

I am writing to ask that you and the FCC take action to protect birds from injuries and deaths due to communication towers. Soon. Your help is greatly needed - now. Please help to save and protect God's creatures and the environment.

All animals are God's creatures. All animals have both physical and emotional feelings. All animals can feel pain, stress and fear. It is depressing to think of the number of birds that are injured or killed due to towers. Senseless. Laws, rules and regulations should become stronger and be more strictly enforced to better help save and protect all animals and their habitats everywhere. Soon. Please help. Thank you.

Sincerely,

a supporter of THE HUMANE SOCIETY OF THE UNITED STATES,
