Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street SW
Washington DC, 20554 **Confirmed**

JUN 03 2003

Dear Mr. Powell,

Distribution Center

I believe that the relaxation/easing of the broadcast ownership rules for the media will stifle the Americans right to free speech and create a "Big Brother" influence on each and everyone of our hearts and minds.

Please do not allow a "few" corporations to condition our, the American people, to single thoughts and opinions on issues or events that will or are affecting the way we live as a free society.

Please uphold our Rights as a free Nation.

William J. Mangano

Po Box 804, Oceanside, CA 92049-0804

(Please Share This With

Honorable Kevin J. Martin

Commissioner

Federal Communications Commission

445 12th Street SW

Washington DC 20554

Dear Mr. Martin,

I am writing you to let you know that I am totally opposed to the relaxation of the broadcast ownership rules, which would allow the erosion of and suppression of free speech and thinking of the American people by limiting access to alternative views of the people of this great nation.

By limiting opposing views, by giving total control of what or who's views are aired or printed by the media, would be a discredit and "slap in the face" to our noble founding fathers, who foresaw the need for justifiable freedom of free speech among all the
(over please)

people of America, whether or not their opinion was "popular" or not.

By allowing only the views of a "select" group of "corporations" to be presented to the American people via television, radio, and the press is in mind supporting the evils of what my fellow brothers, sisters, and allied nations fought against in the war against Iraq, and God bless us we helped to rid its people of oppression and assisted them to be able to express their minds and thoughts without the fear of retaliation from those who differ from the common person. "God Bless America"

Please keep the existing rules in place and preserve each and everyone of our rights to freedom of speech and equal opportunity to access to the media without censorship of private corporations that may have opposing views on any topic.

Pleading for what's Right,

William J. Margolis

FCC - MAILROOM

RE: NO ON FURTHER CONSOLIDATION OF MEDIA OWNERSHIP RULES ON JUNE 2

Dear Commissioners,

We are students, faculty, and staff at El Dorado Center of Cosumnes River College within the Los Rios Community College District which represents about 70,000 adult students (eligible voters). This is the fifth largest community college district in the United States of America. Too few TV and radio stations have provided information on the FCC June 2 vote as to whether the five entities who now control essentially all of the corporate media in America should be even further consolidated to allow one corporate entity to control 35% of the media.

Commissioner Michael Copps has provided information via town hall-type meetings on the significance of this vote which would reduce even further the little media diversity now available in America. The fact that so very few citizens are even aware of this significant FCC vote is proof that the media is already too consolidated in the hands of a very few corporations. The few media coverages some of us have seen have been on at 11 p.m.; why is this information not on the prime time news on ABC, NBC, CBS, Fox 40, and CNN?

The Director of the D.C. based Center for Public Integrity echos Commissioner Copps concerns, along with many bi-partisan congressional members: the consequences of this vote have neither been adequately assessed nor made adequately available to the American public. The Republican Senator from Maine, Senator Olympia Snowe, has also expressed these same views in the Senate Commerce Committee regarding media ownership rules. In contrast, the president of Viacom, pushing for the vote for 35% ownership and increased control by even fewer corporate holders, is much less representative of the American citizens than is Senator Snowe, an elected representative of the people. More than one citizen, familiar with the Eugene McCarthy purges, have equated those anti-American purges with this issue of elimination of true choice/alternative points of view within the already selectively slanted corporate media. They see the McCarthy purges as child's play compared to the results of the American media being in the hands of now less than five people. Please see attached voter sheets with signatures and addresses.

Sincerely,

Candace Bahns, President, Outdoors Club

RE: NO ON FURTHER CONSOLIDATION OF MEDIA OWNERSHIP RULES ON JUNE 2, 2003 **Distribution Center**

Dear Commissioners,

We are students, faculty, and staff at El Dorado Center of Cosumnes River College within the Los Rios Community College District which represents about 70,000 adult students (eligible voters). This is the fifth largest community college district in the United States of America. Too few TV and radio stations have provided information on the FCC June 2 vote as to whether the five entities who now control essentially all of the corporate media in America should be even further consolidated to allow one corporate entity to control 35% of the media.

Commissioner Michael Copps has provided information via town hall-type meetings on the significance of this vote which would reduce even further the little media diversity now available in America. The fact that so very few citizens are even aware of this significant FCC vote is proof that the media is already too consolidated in the hands of a very few corporations. The few media coverages some of us have seen have been on at 11 p.m.; why is this information not on the prime time news on ABC, NBC, CBS, Fox 40, and CNN?

The Director of the D.C. based Center for Public Integrity echoes Commissioner Copps concerns, along with many bi-partisan congressional members: the consequences of this vote have neither been adequately assessed nor made adequately available to the American public. The Republican Senator from Maine, Senator Olympia Snowe, has also expressed these same views in the Senate Commerce Committee regarding media ownership rules. In contrast, the president of Viacom, pushing for the vote for 35% ownership and increased control by even fewer corporate holders, is much less representative of the American citizens than is Senator Snowe, an elected representative of the people. More than one citizen, familiar with the Eugene McCarthy purges, have equated those anti-American purges with this issue of elimination of true choice/alternative points of view within the already selectively slanted corporate media. They see the McCarthy purges as child's play compared to the results of the American media being in the hands of now less than five people. Please see attached voter sheets with signatures and addresses.

Sincerely,

Candace Bains, President, Outdoors Club

Dr. Sarah Pender, Advisor, Outdoors Club

Dear Mr. Adelstein:

Please do NOT to relax the broadcast ownership rules that protect us from media monopolies.

I am 41 years old, and this is only the second time in my life that I have written someone like you about an issue. Obviously, I feel strongly about this.

These proposed changes would pave the way for giant media conglomerates to gain too much control of radio and TV news and information. Also, many of the companies that are lobbying the FCC to relax these ownership rules already have a track record in attempting to keep opposing viewpoints off the air. Anything that inhibits free speech in any way like this is very troubling to me. As a result, for the sake of our democracy and our freedom, please continue the broadcast ownership protections that have helped to ensure a healthy political debate in the US.

Kind regards,

RECEIVED & INSPECTED

Dear Mr. Powell

I urge you not to relax the broadcast ownership rules that protect American citizens from media monopolies..

These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities across our nation. And many of the corporations that are now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air.

The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our democracy and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped to ensure a healthy political debate in our country.

Sincerely,

Jennifer A Riddles

Commissioner Jonathan S. Adelstein
Federal Communications Commission
445 12th Street, S.W.
Washington, DC 20554

Dear Commissioner Adelstein:

We urge FCC not to increase monopolization of the media. We need diversity of news sources to get different points of view on issues. For the democratic process to work, we need various perspectives to make choices.

Thank you.

Sincerely,

Peter and Louise Okada
