

Please be informed I would like to file complaint against Janet Jackson, Justin Tumberline,MTV and CBS Show for the half time show. My family lives in Texas I viewed the show and very upset what we saw. This happen at our dinner time. I hope you investigate, file charges and fine the above following for what was viewed. The whole show was planed because Janet Jackson had part of her breast covered and did not even try to cover it up. Justin is bad role model for boys or men. I hope fcc looks into fast and make sure families are not subject to view such distasteful shows. I have talk with many other mothers and fathers that are concern about fcc control over networks.

Thank you
