Dear Dan:

I just wanted to touch base with you briefly regarding the Buy At Home campaign.

First, thank you for participating in such a positive manner and helping our market area cope with the aftermath of Sept. 11<sup>th</sup> events which so severely jarred our confidence as a nation.

We all know that when confidence suffers, buying decisions are affected. When buying decisions are affected, advertising expenditures usually suffer, and they have. Advertising Age, in its current issue, notes that U.S. advertising expenditures in 2001 experienced the worst one-year decline since 1938.

I have been very proud to be a part of the Amarillo media group which came together in a very positive and non-self-serving manner for the last several months.

I believe our Buy At Home campaign has had an extremely positive impact on this region. It certainly demonstrated the power of the media to affect consumer thinking and issues. It certainly made a positive impression on the business community in Amarillo and surrounding towns.

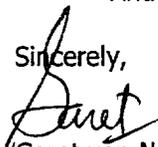

As I understand it, the last of six TV spots – produced by NBC 4 -- currently is running and will reach the end of its schedule soon.

Secondly, I would recommend now that we wind down this campaign and move on to other things. I almost feel like to continue might actually remind people more of Sept. 11 than we'd like, particularly since most folks are doing a good job of putting that event behind them.

Thank you again for participating in this unique program. It has been gratifying to see all of us who compete for advertising dollars and news unite on behalf of a higher cause. In effect, this campaign provided us a unique way of serving our market and gave us something that we could do.

And we did a very good job of executing the campaign.

Sincerely,

Garet von Netzer

Dear Dan:

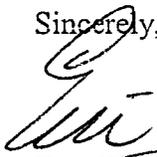

Thanks for sponsoring Lone Star Legacy 2002 this year.

By all measures, it was a great success.

We sold over 1,000 tickets, served nearly 1,000 barbecue dinners and had a total attendance of between 1,200 and 1,300. And our entertainment was great.

KGNC has been such a loyal sponsor of Partners in Palo Duro Canyon Foundation. The canyon is such a special place and the station's dedication to the canyon is greatly appreciated.

Dear Sir or Madam:

My name is Craig Wagner I am a senior this year at Vega High School. This is my fourth year to participate in the Ag Mechanics contest, but only my second year to enter an individual project. This year I entered a calf-trimming chute for show cattle. I am thankful for the prizes donated to the fifth class at the show. Myself as well as my classmates have received many appreciative compliments towards our projects. Last year I participated at San Antonio with a bumper for my pickup with which I placed third. Thanks again for the long list of prizes donated. This project has taught my classmates and me many things including the skills of talking to and explaining a project to someone and Mechanical advantages.

Thanks Again,

The Amarillo Coalition for the Homeless has worked for many years to improve the lives of the homeless in Amarillo and to inform the community about the issues of homelessness. The Coalition consists of over 30 service and shelter providers, government agencies, churches and individuals who began working together in 1987.

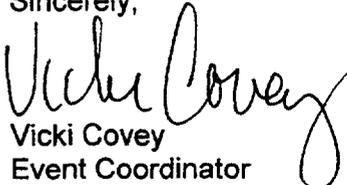

The Amarillo Coalition for the Homeless and many Amarillo churches combine efforts to sponsor the annual Christian Campaign for the Homeless to raise community awareness as well as funds to support shelters and services. On Tuesday, November 5, 2002, the Campaign will begin with the Beans and Cornbread Benefit Luncheon. The luncheon is held in the Civic Center Grand Plaza. Last year, the luncheon was attended by more than 600 individuals and raised over \$18,000.

Following the luncheon, the campaign moves into the churches as congregations are asked to participate in a special collection. Programs and tours will be arranged to help educate congregations about homelessness and, especially, the plight of the families and children who suffer homelessness.

I am pleased you have agreed to donate an item for the silent auction to be held at the luncheon on November 5<sup>th</sup>. The funds raised will be matched dollar for dollar with a challenge grant from the Amarillo Area Foundation. In appreciation of your donation, two tickets to the luncheon will be made available for you and a guest.

Thank you for considering our request. Volunteers for the Coalition will contact you to confirm and pick up your donation. You may contact them at the Downtown Women's Center at 372-3625 with your response. Your support and donation will be greatly appreciated.

Sincerely,

Dear Dan,

You are a lifesaver. Yes, you really are! Together, along with your company, co-workers, friends and neighbors, you are helping us gather millions of dollars for the mentally and physically disabled, helpless children, the elderly and young people struggling to find their way daily, right here at home.

Tens-of-thousands of people will be literally restored to well being by **you and your company** through the many programs and services your kindness supports. How else could we raise so much in funding, for so many in need, every single year? The only way we have for over 75 years...the United Way. Thank you for pledging your contribution of \$300.

You may never have the opportunity to meet the recipients of your generosity. We know that if they could, they would thank you whole-heartedly for "*Living to Share*" with them. All of our lives in this wonderful community are better because of you and your business.

Never underestimate the power of this type of giving! Thank you so very much!

Dear Tri-State Fair Supporter,

On behalf of the 2002 Tri-State Fair FFA & 4-H Agricultural Mechanics Project Show we would like to say thank you for your support and donation. It is because of your support that many improvements that have been made to this year's event.

The numerous Tri-State Fair volunteers and Tri-State Board members have committed themselves to making this year's Agricultural Mechanics Project Show the best ever for the youth of the Panhandle and the South Plains of Texas. Their commitment can be observed through this year's rule changes for the show. Some of the rule changes include an increase in the premiums being offered and the expansion of competition to both the 4-H and FFA Programs of the Panhandle and South Plains areas of Texas. The Agricultural Mechanics Project Show has also been allocated additional space on the fair grounds to make it more visible to fair goers. These rule changes will not only strengthen the competition, but it will bring additional FFA and 4-H Members from the Oklahoma border to the Lubbock area to Amarillo for the competition.

Without your support these improvements would have been very difficult to achieve. We want to show our appreciation by recognizing your company and /or business at the Tri-State Fair through the appropriate signage, which will be exhibited at the FFA & 4-H Agricultural Mechanics Project Show. Your donations will be presented to the participants at the Youth Awards Ceremony on Saturday September 14<sup>th</sup> at the Amarillo National Center.

Once again, thank you for your support to make this event a memorable experience for our 4-H and FFA members of the Panhandle and West Texas.

If you have more questions concerning the Agricultural Mechanics Project Show please give me a call (Lance Kieth) at (806) 651-2556.

Thank you,

Dear Dan:

I hope you've had a wonderful holiday and that you are ready to flip the calendar over to 2003!

But before we do, I would like to send a personal *thank you* to you and your station for helping TAB and the 2002 participants in the NCSA program by airing announcements for one or more of the following sponsors: The Texas Army National Guard, The United States Coast Guard, The Texas Department of Health Abstinence Program, The Texas Commission for the Blind, The Texas Commission on Environmental Quality (formerly TNRCC) and The Texas Council on Family Violence.

Your valuable airtime support of this year's campaigns is greatly appreciated and has allowed us to continue expanding the services we provide members.

In first quarter 2003, we will welcome another new NCSA client, The Texas Workforce Commission. And so far, returning clients include the National Guard and the Coast Guard.

Don't forget you can download NCSA traffic instructions, pledge and affidavit forms right from TAB's internet site: [www.tab.org](http://www.tab.org). Radio stations can even download the audio files in Mpeg3 format. Just click on *NCSA Downloads*.

Thanks again for your support of the NCSA program and please let us know how we can help you.

Dear Sir or Madam

My name is Tyler Leavitt, a senior at Vega High School and have competed in Ag. Mechanics for four years now but this is my first to compete at Tri-State fair. Throughout my years in Ag. Classes, I have learned many things that will help me to succeed in life. I have had a lot of fun and I wish I could do it again for another year. Last year we took a loader trailer, a hog trailer, a log splitter, and a bumper to San Antonio and competed very well, especially since it was our first major show. We won our class with the loader trailer and did well with our other entries. I really appreciate all of your donations to the contest. They will be very useful to me in the future as I hope to use them a lot working with my own projects at home. Another positive aspect of the prizes is when we came home with our prizes; other students saw what we had won at the contest and wanted to be involved also. Once again I would like to thank you for your support and donations.

Dear Dan,

I can not begin to tell you how very much I appreciate your willingness to help out with the promotion of *"Run for the Roses"* recently. Having such a well-produced and lively announcement obviously intrigued several listeners, as we received numerous inquiries quoting the radio as the source where they heard about the event. And, KGNC proved to be successful in making the event a complete success! All proceeds from *"Run for the Roses"* will benefit **Leadership Amarillo & Canyon's** community programs, youth focus, and scholarship fund.

As you know, **Leadership Amarillo & Canyon** has been strengthening the community through leadership development for 22 years. Participants in our Adult and Teen leadership programs learn first-hand the importance of self-development, community knowledge, and the personal responsibility to be a part of shaping Amarillo and Canyon's future. As alumni, the leadership journey continues with opportunities to participate in community projects, learn from speakers in our Leadership Lecture Series, and network with other **Leadership Amarillo & Canyon** alumni at special events and social gatherings.

Thanks so much again, Dan for all of your help with promoting *"Run for the Roses."* Clearly, without KGNC's help, we would not have been as successful! I'll look forward to talking with you again soon.

Most Sincerely,

Dear Dan,

We want to thank you and KGNC AM/FM for your support of the 10<sup>th</sup> Annual Lone Star Paper Chase to support the Newspaper in Education (NIE) program. I really appreciate you letting Russ set up the sound system. It was great to be able to announce the runners as they crossed the finish line. The music ads so much to this long event.

The Paper Chase last weekend was a huge success thanks to support like yours!

The money raised is vital for placing teacher requested newspapers and educational curriculum materials into classrooms all over the Panhandle. We would not be as successful without your support and commitment.

Dan, it's a pleasure working with you and your staff. Thanks for all you do for me and our community.

Sincerely,

Jo Tyler Bagwell  
Marketing Director
