Dear Karen;

Thank you so much for visiting us at VAN on the 27<sup>th</sup> of June. We all enjoyed having you and the camera man there.

I want to commend you on the presentation of the interviews on the news program! You did such a wonderful job of putting all that you had together, and the research you did on macular degeneration that you showed prior to the interviews was very good. We had so many calls the next day telling us what a wonderful job you did, and got a few inquiries regarding the support groups. I especially liked the way you and Mike Barker discussed the men after the regular interviews by him asking you if there was no program for the men.

We are all so proud of your wonderful, caring representation of VAN!

You certainly may come anytime, and I bet we could even find more cake for you.

Sincerely,

A handwritten signature in cursive script that reads 'Barbara Scott'.

Dear Sir,

My name is Hayley Hoffman. I have been honored by the Permian Honor Scholarship Foundation with a scholarship sponsored by you. I want to thank you for this generous gift. My family and I are unable to provide the finances for my college education, and this scholarship gives me the opportunity to further my education. I will be attending UTPB in the fall of 2001. I plan to major in biology and minor in mass communications. I hope to keep you updated on my college progress throughout the years. Once again, thank you for your generosity and the opportunity you have afforded me.

Sincerely,

I want to thank you very much for your participation in our administrators media training as both a panelist and a trainer. Your valuable contributions of time, talent, and experience aided significantly in the professional growth of those who attended. Enclosed is a copy of the evaluation summary.

Also, many thanks to Frank for his important contribution. He is appreciated!  
Finally, thank you for the coverage on your newscast. With best wishes -

Dear McKay,

On behalf of the Midland High School Soccer Booster Club, I would like to extend our thanks for your coverage of both the Men's and Women's teams. The public recognition that you provide is a critical reward for these students. Seeing the score of their game on your station is a real encouragement to these young people and their parents.

Please let me know if there is anything that we can do to assist you in covering the Soccer Dawgs. You can reach me at 335-6618(work), 570-4453(home), 335-6598(Fax), or jwillis@odessa.edu (E-Mail).

Again, thanks for your support of Soccer at Midland High School.

Re: Ellen Noël Art Museum Shrimpfest 2001 Publicity

Dear Mike:

Just wanted to thank you for your participation and excellent coverage of our annual Shrimpfest. I am sorry you were "under the weather." Karen Carter, Tom Lopez and other members of the KMID staff were very courteous and helpful to us.

Each year the Shrimpfest provides a great deal of the necessary funding of the Ellen Noël Art Museum.

Without your help, we would not be able to provide the kind of art exhibits and art education programs the Permian Basin has admired and used for years.

Sincerely,

Grace King, Publicity Chairman

Dear Mr. McKay,

The approval of the Economic Development Plan on November 6<sup>th</sup> was a milestone in the history of Midland. The city has now taken a major step forward in diversifying our economy to reduce our dependence on the oil and gas industry.

On behalf of Citizens For A Better Midland, I want to let you know how much we appreciate your support of the Midland ED Plan. We feel the TV coverage provided by your news staff was not only positive but also especially valuable in helping voters realize that the ED Plan is vital to attracting new businesses to Midland.

Thanks again for your support of the goal to create more jobs with better pay and a better Midland.

To Big 2- KMID TV,

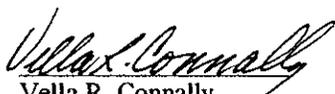

A special "Thank you" for making our lives better!

As you are all aware, Dr. Mike Thomson and his workshops left a lasting and uplifting impression in our community and region. As he said, "The message of integrity and truthfulness in our choices is not a new concept, but we must always be diligent in continuing the message that character does count in all aspects of our lives." He also said that it was the choices we make when no one is watching that are the "pop quizzes" in life. I know you will be pleased to hear that "Dr. Mike" will be back in our area in year 2002 at Region 15 and 18 Education Services Center and other rural, individual school locations.

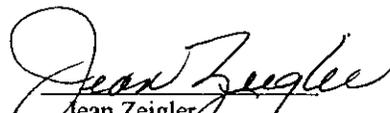

Because of the financial help of the Texas Commission on Alcohol and Drug Abuse through our Region 9 Prevention Resource Center to reduce school violence, Region 18 Education Service, and ECISD Student Assistant Service Center we were able to make his workshops and related posters available to the general public and professionals. The UTPB Sociology Club in Odessa and the Alcohol and Drug Abuse Council of the Concho Valley in San Angelo sponsored the general public sessions at their respective locations. Regions 15 and 18 Education Service Centers were the locations for those professional workshop opportunities. All the media support and coverage was wonderful, including the Odessa American, Channels 2 (KMID), 7 (KOSA), 9 (KWES), and ECISD "School Matters" taping. His interview continues airing on Channel 10 this week with the final schedule at 7 a.m. on Friday morning. The PRC library has a tape copy to be checked out for review.

The Permian Basin Regional Council and **Region 9 Prevention Resource Center** staff appreciates the community and regional support in making these multiple events successful. When Dr. Mike asked about our strengths in the Permian Basin we told him it was the people and our ability to work for the good of our communities. He was extremely impressed with the manner in which various programs, entities and people work together in our region, as well as, the warmth of the people.

Dear Mr. Barker:

On November 28, 2001 the Midland Fire Department responded to a structure fire at the Hawthorne House Apartments in Midland. No two fires are alike; therefore each one requires a different strategy that incorporates a variety of different tactics. The MFD reviews and critiques all of its larger incidents in an attempt to learn what strategy is the most effective for the different conditions. By doing so we hope to improve firefighter safety and response effectiveness.

With the video footage provided by Big 2 and Ms. Rebecca Kates we can better analyze our operations for lessons to be learned. We are grateful for your cooperation and appreciate civic-minded individuals such as Ms. Kates and our good neighbor Big 2.

Thank you Rebecca and Big 2.

Dear Mike,

I just wanted to thank you for taking the time to recognize two of our employees, LaNae Hataway for Teacher of the Month, and Clay Francell for the Superintendent's Community Service Award. Of course, we are very proud of them here at Hays, but it's also nice to know that their contributions are important to the community as well.

Not only have you taken the time to interview LaNae and Clay, but you continue to make a difference in the lives of our students every year by assisting us with our auction to raise reading funds.

Thank you, again, for your continued commitment to educational issues and your actions supporting that commitment.

I switched over, and just in time, to see the RED CROSS logo, and you doing the story on us, and the Rogers' house fire. I, particularly, liked the way you appealed to the public in asking for their support, in light of the amount of money we've spent on all the fires.*

*We did receive phone calls on Thursday morning regarding the Rogers situation. Some wanted to donate things straight to them, and others were willing to donate to the Red Cross, to the Disaster Relief Fund.*

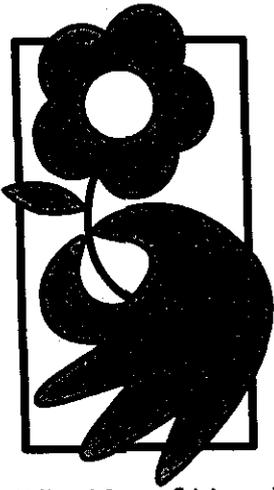

*Thanks for your help in EDUCATING the public. I remember a long time ago in a Communications Class, "Subtleties are wasted on the Public." I think your approach is informative, and persuasive... We need to be persuasive.*

KMID TV BIG 2 NEWS  
Attn: Director  
P.O. Box 60230  
Midland, TX 79711

To Whom It May Concern:

I am writing in regards to an incident that happened on Wednesday, May 30, 2001.

My children, Irene and Gabriella Ibarra, were on a field trip to the Museum of the Southwest with the Westside YMCA when one of the vans broke down. One of your employees (I believe the girls told me his name was Junior) was kind enough to stop and offer some help. The girls told me that they were all taken to the Big 2 News studio where they were given something to drink and a tour of the studio while they waited for another YMCA van to pick them up.

Although they were unable to make the planned field trip, they came home talking about how friendly and helpful your staff was to them. They proceeded to tell me how your equipment was used for the news broadcast and how the weather was shown on a green screen with computers. They just went on and on without letting me get a word in edge wise. When I see them watching the news broadcast their faces light up due to the fact that they have a little knowledge as to what is being done in order for them to see what they are seeing. They have a totally different outlook on broadcasting news and weather.

I want to thank every member of the Big 2 News studio for taking the time out of their busy schedule and making an (unplanned) educational experience out of a bad situation. Thank you very much!

Sincerely,

Eunice Aramburo

Dear Mr. McKay:

As we begin a new year, we reflect on all those who have supported Midland Habitat for Humanity. In fact, we stand in amazement at what has been accomplished! KMID-TV has been an incredible partner with Habitat. With your support of coverage and work crews you have...

- Provided PSAs to educate the public about the Habitat ministry, resulting in a phenomenal increase in the number of volunteers, as well as, applicants for the Habitat program. Thank you!
- Publicized the opening of the Habitat ReSTORE, our building and supply resale center. Since the beginning, two years ago, the ReSTORE has shown a profit and is now helping build more homes. Thank you!
- Donated two lots on Elizabeth Street that are now homes for two families...both widowed...a total of 8 children! Thank you!
- Helped build homes each year keeping construction costs low with your donated labor. Thank you!
- Publicized our annual Tool Box Bash, helping establish this fundraiser as a high profile, fun event that contributes significantly to the construction of a new home. Thank you!
- Covered each house dedication helping say "Thank you" to the community and to further educate the public about the ministry of Habitat for Humanity. Thank you!

On behalf of the board and our homeowners, thank you for giving back to the community and for going the extra mile to help build houses for God's people in need.

Dear Mr. Vasocu: <sup>Tommy</sup>

Sunday, April 13, 2003, was a beautiful day for many West Texans. Hundreds of residents gathered together to "Salute Our Troops" at a community wide rally. The rally provided an opportunity for many to publicly show support of our troops, our military leaders, and our President.

The event would not have been possible without the help of our local media. Your station helped spread the word as the rally approached. Thank you for airing the psa on all of the Encore stations.

It is always uplifting to see our community pull together in a time of need. Many families and friends of those fighting in Iraq needed to feel that community support. We will continue to support and pray for our leaders and troops fighting for Iraqi Freedom.

Thank you again for your support and involvement in our community!

This is a time of  
Thanksgiving.

A time for me to  
thank-you for supporting  
the American Cancer Society.

You both were wonderful  
at the "all Male Review".  
Hope you can join us  
again next year.

May God continue  
to bless you both in  
a big way.

Hi guys,  
It so great to see  
you pups again.

We have missed you both  
and welcome you both  
back.

Great attendance 250+, Great  
volunteer, and great Pie Judges.

Thank you for being a part of our  
Purple Bush, and buying smiles  
to so many!

Dear Mr. Vasocu: <sup>Tommy</sup>

Sunday, April 13, 2003, was a beautiful day for many West Texans. Hundreds of residents gathered together to "Salute Our Troops" at a community wide rally. The rally provided an opportunity for many to publicly show support of our troops, our military leaders, and our President.

The event would not have been possible without the help of our local media. Your station helped spread the word as the rally approached. Thank you for airing the psa on all of the Encore stations.

It is always uplifting to see our community pull together in a time of need. Many families and friends of those fighting in Iraq needed to feel that community support. We will continue to support and pray for our leaders and troops fighting for Iraqi Freedom.

Thank you again for your support and involvement in our community!

Sincerely,

Michael J. Canon  
Mayor

Dear Mike and Dana::

Thank you for agreeing to participate in our Dr. Seuss Celebration on Friday, February 28. We have invited special guests from the community to read a Dr. Seuss book to our students and we hope that your time spent with our children will be rewarding for you as well as the students.

The scheduled time for your reading is 11:00 in Mrs. Walters' fifth grade classroom. If you have a favorite Dr. Seuss book that you would like to read, please let me know so that we can have it available for you. Please stop by the office before coming to the library.

If you find that your schedule has a conflict, please let us know at your earliest convenience (334-0851). Our students enjoy guest readers who bring different perspectives to some of their favorite books.

Thanks again for helping us celebrate the birthday of this special children's author.
