**Re: WC Docket No. 04-36, In the Matter of IP-Enabled Services**

Dear Ms. Dortch:

On March 17, Kathleen Grillo, Leslie Owsley and Michael O'Connor, on behalf of Verizon, met with David Furth, Jeffrey Carlisle, Scot Stone, Aaron Goldberger, and John Healy. The meeting focused on the various technical concerns related to 911/E911 issues associated with VoIP products and services. Verizon emphasized that it is committed to providing 911 capability when it begins to offer VoIP service, including a migration to a platform that supports E911. Verizon also stressed the importance of a cooperative effort to keep customers informed about the capabilities of 911 and E911 in a VoIP environment.

Pursuant to Section 1.1206(b) of the Commission's rules, one electronic copy of this notice is being filed in the above-referenced proceeding.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

  
Kathleen Grillo
