**RE: Section 251 Unbundling Obligations for Incumbent Local Exchange Carriers, CC Docket No. 01-338; Implementation of Local Competition Provision of the Telecommunications Act of 1996, CC Docket No. 96-98; Deployment of Wireline Services Offering Advanced Telecommunications Capability, CC Docket No. 98-147**

Dear Ms. Dortch:

On May 14, 2004, Ed Shakin, Mike Glover and the undersigned met with Matt Brill of Commissioner Kathleen Abernathy's office to discuss how the Commission should ensure that there are no unbundling obligations for fiber deployed to mass-market customers and how the Commission should clarify that an ILEC need not provide unbundled access to its next-generation network or design, reconfigure, or modify that network to facilitate an unbundling request for a TDM capability.

If you have any questions, please feel free to call me at (202) 515-2529.

Sincerely,

A handwritten signature in cursive script that reads "Dee May".
