

This is to inform you that I urge the FCC to reject the NAB petition 04-160 that would limit local programming on XM Radio. I ride a motorcycle and put many miles on it each year, traveling in many cities. It is a great convenience to not have to worry about finding a local station carrying the information concerning traffic I need to be safe without having to listen to music that I don't enjoy, and in fact, can be quite distracting. Thank you for your consideration of this request.

Bob Johnson
