Re: Notice of Oral Ex Parte Communication, In the Matter of Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers, CC Docket Nos. 01-338, 96-98 and 98-147; Petition for Forbearance of Sections 251(c)(3), (c)(4) and (c)(6) in New Build, Multi-Premises Developments, WC Docket No. 03-220

Dear Ms. Dortch:

Yesterday, I had a conversation with Dan Gonzalez, Commissioner Martin's Legal Adviser to discuss AT&T's position on the Bell requests to the Commission to either clarify or forbear from its unbundling rules with respect to loops serving multi-unit buildings. We explained how these arguments were simply an attempt by the Bells to extend to other loop arrangements the regulatory relief that the Commission found appropriate only for greenfield mass market FTTH deployments. All our comments were consistent with AT&T's written comments as filed in the above-referenced proceedings.

Consistent with Commission rules, I am filing one electronic copy of this notice and request that you place it in the record of the above-referenced proceedings.

Sincerely,

A handwritten signature in cursive script that reads "Robert W. Quinn, Jr.".
