In the Matter of

Amendment of Section 73.202(b) } MB Docket No. 03-
Table of Allotments } RM -
FM Broadcast Stations )
(Refugio, Sinton, Taft, and Woodsboro, Texas )

To: Chief, Office of Broadcast License Policy
Audio Division
Media Bureau

PETITION FOR RULE MAKING
REQUEST FOR EXPEDITED PROCESSING

Amigo Radio, Ltd. ("Amigo")\(^1\) and Pacific Broadcasting of Missouri LLC ("Pacific")\(^2\) (collectively, the "Joint Petitioners") by their counsel, hereby submit this Petition for Rule Making ("Petition") filed pursuant to Sections 1.401 and 1.420(i) of the Commission’s Rules.\(^3\) The Joint Petitioners respectfully request that the Commission institute a rule making proceeding to: (1) reallocate Channel 279C1 from Sinton, Texas to Refugio, Texas and modify the community of license of station KOUL(FM) to operate on Channel 279C1 at Refugio; (2) modify the operating condition for KTKY(FM) to permit the station to commence program test authority ("PTA") on Channel 293C2 in Taft, Texas when KOUL(FM) commences PTA in Refugio; and (3) reallocate Channel 263A from Refugio, Texas to Woodsboro, Texas. As shown below, the reallocation would provide the community of Woodsboro with a first local service, expedite commencement of a first local service in Taft, and retain a first local service in

\(^1\) Amigo is the licensee of KOUL(FM), Sinton, Texas.

\(^2\) Pacific is the licensee of KTKY(FM), Taft, Texas.

\(^3\) Section 1.420(i) provides that "(i) In the course of the rulemaking proceeding to amend §73.202(b) ... the Commission may modify the license ... of an FM ... broadcast station to specify a new community of license where the amended allotment would be mutually exclusive with the licensee’s or permittee’s present assignment."
Refugio and Sinton. Hence, the reallocation constitutes a preferential arrangement and improved service to the public. The Joint Petitioners request expedited processing of this rulemaking petition so that KTKY(FM) may resume operation with full and dramatically improved facilities for the station. In support thereof, the following is hereby shown:

I. Technical Compliance

A. KOUL(FM)

The Petition proposes modifications to the FM Table of Allotments by reallocating Channel 279C1 from Sinton to Refugio, Texas, and modifying the community of license of station KOUL(FM) to operate on Channel 279C1 at Refugio. These changes will require modification of the current KOUL(FM) license to change the community of license for the station from Sinton to Refugio with no relocation of the transmitter site. Neither Sinton nor Refugio are located within the defined boundaries of any urbanized areas; however, the proposed 70 dBu contour will cover more than 50% of the Corpus Christi, Texas urbanized area. Since the change does not involve a change in transmitter site, the proposed reallocation does not implicate the Commission policy concerning the potential migration of stations from underserved rural areas to well-served urban areas. Consistent with such policy, no Tuck showing is required. Even if such a showing was required, the fact that the Commission has allocated three FM channels to Refugio more than amply demonstrates the independence of Refugio from the Corpus Christi urbanized area.

As detailed in the attached Engineering Statement, the proposed allotment comports with the Commission’s minimum-distance separation requirements as outlined in Section 73.207(b) of

---

4 The reference coordinates are 28-02-07 N and 97-26-11 W. See Engineering Statement of Jefferson G. Brock, attached as Exhibit 1 ("Engineering Statement").

the Commission's rules. The proposed allotment of Channel 279C1 to Refugio is mutually exclusive with the existing allotment of that channel at Sinton, and the Refugio allotment would provide the requisite principal-community coverage to the entire community of Refugio.

KOUL(FM) currently operates as one of three commercial broadcast stations licensed to Sinton, Texas. Because Sinton will continue to be served by two commercial radio stations, the proposed relocation of KOUL(FM) would not result in the removal of Sinton's sole local transmission service. Because no change in transmitter site is proposed, KOUL(FM) will continue to provide city-grade coverage to Sinton; no change in the gain area and loss area will occur; and no underserved areas will be created as a result of this proposed change.

B. KTKY(FM)

The proposed change in community of license of KOUL(FM) to Refugio further serves the public interest by expediting provision of a first local service to the community of Taft, Texas. The Joint Petitioners request that the Commission modify the condition imposed upon when KTKY(FM) may commence operations in Taft to state that KTKY(FM) may initiate PTA in Taft when KOUL(FM) commences PTA in Refugio. The modification will permit KTKY(FM) to provide Taft with its first local service significantly sooner, thereby serving the public interest.

The Commission has already approved a change in community of license for KTKY(FM) from Refugio to Taft. However, because the proposed change in community of license for

---

6 See Engineering Statement.
7 See Id.
8 Data from the FCC Audio Division's website indicates that KNCN(FM) and KDAE(AM) would continue to serve Sinton.
9 See Engineering Statement.
KTKY(FM) ostensibly would deprive Refugio of its sole licensed first local service, the Commission imposed a condition upon KTKY(FM), prohibiting the station from commencing operation with its new facilities in Taft until the FCC had issued a permittee a construction permit for either of the two vacant allotments presently licensed to Refugio and the permittee initiated program test authority. The same condition is specified in the construction permit for KTKY(FM).

The condition has rendered it impossible for KTKY(FM) to provide first local service to Taft in the foreseeable future because of events beyond Pacific’s control. The Commission has denied Pacific’s requests to lift the condition and permit KTKY(FM) to commence program test authority in Taft before either vacant allotment is activated. The continued delays in conducting Auction No. 37 means that several more years will pass before the community of Taft receives its first local service.

KTKY(FM) can begin providing a first local service to Taft immediately if the Commission modifies the condition on KTKY(FM) to permit the station to commence operation in Taft when KOUL(FM) commences operation in Refugio. The Joint Petitioners have control over when KTKY(FM) and KOUL(FM) may initiate program test authority in Taft and Refugio, respectively. The Joint Petitioners will expeditiously file their respective applications for

---

11 See Id. The two vacant allotments are Channel 263A and Channel 291A.
12 See FCC File No. BPH-20000613AAF.
13 See Application for Pacific Broadcasting of Missouri LLC for Special Temporary Authority to Operate Station KTKY(FM), Refugio, Texas, 18 FCC Rcd 2291 (2003). A petition for reconsideration of this decision is pending before the Commission.
14 Reasonable estimates are that at least another year will pass before the pending legal challenges surrounding Auction No. 37 are resolved. Even if the courts rule in favor of the Commission, another year will pass before the agency issues construction permits for Auction No. 37. The successful bidder for either vacant allotment in Refugio would then have three more years to build their new facilities. This optimistic assessment assumes that the Commission is successful on appeal. If the courts rule against the FCC, it could be well over half a decade before the FCC conducts Auction No. 37.
construction permit, construct the necessary facilities, and commence program test authority. The Joint Petitioners can implement the new facilities for KOUL(FM) and KTKY(FM) quicker than waiting for final disposition of Auction No. 37.

C. WOODSBORO, TEXAS

The Petition proposes reallocating Channel 263A from Refugio to Woodsboro, Texas. These changes will not require modification of any FCC license as Channel 263A is a vacant allotment. The community of Woodsboro is not located within the defined boundaries of any urbanized areas nor will the proposed 70 dBu contour cover more than 50% of the Corpus Christi, Texas urbanized area. In addition, no change in reference coordinates for Channel 263A is proposed.

The proposed allotment comports with the Commission’s minimum-distance separation requirements as outlined in Section 73.207(b) of the Commission’s rules. The proposed allotment of Channel 263A to Woodsboro is mutually exclusive with the existing allotment of that channel at Refugio, and the Woodsboro allotment would provide the requisite principal-community coverage to the entire community of Woodsboro.

The vacant allotment does not provide service to Refugio. Because Refugio will be served by KOUL(FM), the proposed relocation of the vacant allotment would not result in the removal of Refugio’s sole local transmission service. In addition, as described below,

---

15 The nature of the proposed changes for KOUL(FM) does not require any construction. Amigo therefore may commence PTA immediately upon the effective date of the Report and Order by the FCC authorizing the proposed change in community of license for KOUL(FM) to Refugio. Amigo may file its license application for KOUL(FM) simultaneously with the station commencing PTA. Pacific already has a construction permit for KTKY(FM) for the proposed facilities. If the FCC modifies the operating condition for KTKY(FM), Pacific Broadcasting could complete construction and commence operation shortly after the effective date of the Report and Order.

16 The reference coordinates are 28-21-00 N and 97-16-30 W. See Engineering Statement

17 The 70 dBu does not intersect any of the Corpus Christi urbanized area. See Engineering Statement.

18 See Id.
Woodsboro is a preferred community to Refugio because it will permit the introduction of a first local service to the community of Woodsboro. Because no change in transmitter site is proposed, no change in the gain area and loss area will occur nor will any underserved areas be created as a result of this proposed change.\textsuperscript{19}

\textbf{II. Community of License – Woodsboro, Texas}

Amigo and Pacific request a change in the authorized community of license for vacant allotment 263A from Refugio to Woodsboro, through the deletion of the current allotment of Channel 263A at Refugio and the relocation of that channel to Woodsboro. In accordance with the \textit{FM Priorities},\textsuperscript{20} the allocation represents an enhanced allotment priority over retention of the allotment in Refugio because the allocation will result in the introduction of a first local service to Woodsboro. First local service constitutes a priority (3) under the \textit{FM Priorities}, while retention of the existing station at Refugio represents at best a priority (4) in light of the other radio stations licensed to that community.\textsuperscript{21}

Woodsboro possesses characteristics demonstrative of a community. The Woodsboro community has a population of 1,685 persons.\textsuperscript{22} Woodsboro is located in southwestern Refugio County. The town began as part of a land development project organized in 1906 by W. C. Johnson and George P. Pugh, experienced developers from Danville, Illinois. The town was originally called Church because it was located just north of the Church on the St. Louis, Brownsville and Mexico Railway, which built through the area in 1906. The town name was changed to Woodsboro in 1907 after Captain Tobias D. Wood, who sold the Bonnie View Ranch

\textsuperscript{19} See Engineering Statement.

\textsuperscript{21} The FM allotment priorities are (1) First fulltime aural service; (2) Second fulltime aural service; (3) First local service; and (4) Other public interest matters. Co-equal weight is given to Priorities (2) and (3). \textit{Id.}

6
to the developers. By 1908 Woodsboro had its first school, 25 buildings, including a hotel,
cotton gin and a lumberyard. By 1915 the town had over 500 residents, a newspaper, Masonic
temple, a bank, and electrical power and lights. Woodsboro was incorporated in 1928.

Woodsboro has its own zip code (78393) and its own post office, both of which are
indictive of an established community.23 Woodsboro, Texas has its own web page,
http://woodsborotx.us/.24 Woodsboro has its own public schools, including an elementary, junior
and high school.25 Woodsboro provides city services, including a volunteer fire department,
sheriff’s office, and a public works department.26 Woodsboro has a mayor, mayor pro-tem, and
five councilmen. Woodsboro has its own Lions Club.

Woodsboro has 8 churches, including the Church of Christ, Faith United Church of
Christ, First Baptist Church, New Hope Baptist Church, New Light Baptist Church, Peace
Lutheran Church, and St. Therese Catholic Church.27 Numerous restaurants and companies are
located in Woodsboro, including Discount Auto Parts, Roses Beauty Shop, Maxwell’s House of
Hair, Modern Salon, Mathis Motor Inn & RV Park and Niemann Insurance Agency. Woodsboro
also has its own bank branch called First National Bank of Woodsboro.

Based on the foregoing facts, Woodsboro qualifies as a community for reallocation of
Channel 263A from Refugio, Texas, to Woodsboro, Texas, as that community’s first local
service.

22 See Exhibit 2.
23 See Exhibit 3.
24 See Exhibit 4.
25 See Exhibit 5
26 Id.
27 Id.
Amigo hereby states that in the event that the Commission makes the proposed changes to the FM Table of Allotments for KOUL(FM), Amigo will timely file the necessary application for a construction permit for a new station and will construct the new facility in a timely manner. Pacific hereby states that in the event that the Commission makes the proposed changes to the FM Table of Allotments for Channel 263A, Pacific will timely file the necessary application for a construction permit for a new station and will construct the new facility in a timely manner.

III. Request for Expedited Processing

The Joint Petitioners submit that the public interest would be served if the Commission expedited processing of this rulemaking petition. Expedited processing would permit KTKY(FM) to resume providing FM radio service to the public.

Pacific filed the initial petition for rulemaking to change the community of license of KTKY(FM) from Refugio to Taft on December 23, 1998. In 2000, the FCC approved modification of KTKY(FM) to operate from Taft. However, as discussed above, KTKY(FM) may not commence operations in Taft until the FCC issues a construction permit for the vacant allotment at either Channel 263A or Channel 291A in Refugio and the permittee initiates PTA on the vacant allotment. Pacific has explained why unforeseeable events beyond its control --- namely continued delays in Auction No. 37 — have prevented satisfaction of the operation condition imposed by the FCC on KTKY(FM). Thus, KTKY(FM) has been unable to commence operations and provide a first local service to Taft.

On March 12, 2001, Pacific ceased operations of KTKY(FM) from its presently licensed site because the company lost the lease on its tower site for Refugio and was unable to negotiate with the site lessor for an extension of the site lease. The FCC has authorized KTKY(FM) to remain silent, and on October 21, 2003, the agency tolled the construction permit for the station,
pending satisfaction of the operating condition for KTKY(FM). On October 10, 2003, Pacific filed a request for special temporary authority for KTKY(FM) to operate with significantly reduced power from a tower site different than the site specified either in the station’s license or construction permit. The Commission granted this request on October 21, 2003.

The public interest would be served through expedited processing of this rulemaking petition. Expedited processing would permit KTKY(FM) to resume operations and provide wide-area service with its authorized Class C2 facilities. The alternative is for KTKY(FM) to operate with substantially reduced facilities or for the station to continue remaining silent.

CONCLUSION

The instant Petition proposes the following changes to the FM Table of Allotments:

<table>
<thead>
<tr>
<th>Community</th>
<th>Channel No.</th>
<th>Current</th>
<th>Proposed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Refugio, Texas</td>
<td>263A, 291A</td>
<td>279C1, 291A</td>
<td></td>
</tr>
<tr>
<td>Sinton, Texas</td>
<td>267C1, 279C1</td>
<td>267C1</td>
<td></td>
</tr>
<tr>
<td>Taft, Texas</td>
<td>293C2</td>
<td>293C2</td>
<td></td>
</tr>
<tr>
<td>Woodsboro, Texas</td>
<td>------</td>
<td>263A</td>
<td></td>
</tr>
</tbody>
</table>

This proposal will serve the public interest by providing Woodsboro, Texas, with its own first local service and expedite a first local service to Taft, Texas. Refugio and Sinton Texas, which each currently has local service, would still retain a local service. For these reasons, Amigo and Pacific respectfully request that the FCC initiate and approve this rule making proceeding to modify the FM Table of Allotments as proposed herein to provide improved

---

28 See FCC File No. BSTA-20031010ADR.
29 A counterproposal in MB Docket No. 02-248 proposes to substitute either Channel 221A or 221C3 for Channel 291A at Refugio. This petition proposes no changes in Channel 291A and hence is neither in conflict nor contingent upon any action taken in MB Docket No. 02-248.
service to the local communities involved, and modify the operating condition for KTKY(FM),
which will result in a greater benefit to the public.

WHEREFORE, FOR THE FOREGOING REASONS, Amigo Radio, Ltd. and Pacific
Broadcasting of Missouri LLC respectfully request that the Commission issue a Notice of
Proposed Rule Making in connection with the proposal outlined in this Petition for Rule Making
and modify Section 73.202(b) accordingly.

Respectfully submitted,

TECHNICAL EXHIBIT

Copyright 2003
TECHNICAL STATEMENT

1. This technical statement and attached exhibits have been prepared on behalf of Pacific Broadcasting of Missouri LLC ("PBM"), licensee of KTKY, Channel 291C3, Refugio, Texas (and permittee of KTKY, Channel 293C2, Taft, Texas), and Amigo Radio, Ltd. ("Amigo"), licensee of KOUL, Channel 279C1, Sinton, Texas.¹ PBM and Amigo herein request that Channel 279C1 be re-allotted from Sinton, Texas, to Refugio, Texas. The proposed allotment to Refugio is mutually exclusive with the present KOUL allotment at Sinton, Texas. Further, PBM and Amigo request that the vacant and unapplied for Channel 263A at Refugio, Texas, be re-allotted to Woodsboro, Texas, as that community’s first local FM allotment.

DISCUSSION

2. In MM Docket #99-256, the Commission upgraded Channel 291C3 to Channel 293C2 and re-allotted the channel from Refugio, Texas, to Taft, Texas. It further ordered KTKY to change its community of license accordingly. In addition, the Commission allotted Channel 291A to Refugio, Texas, as a replacement channel. In so doing, the Commission stated that KTKY could not commence operation on Channel 293C2 at Taft, Texas, until new service commenced operation on Channel 291A (or Channel 263A) at Refugio, Texas. In light of the

---

¹ There is an outstanding permit which corrected the coordinates of the authorized KOUL tower/facility, BPH-20030430ACN.
delay in the Commission’s FM Auction procedures, replacement service on Channel 291A is some time away. However, as requested herein, were Channel 279C1 re-allotted from Sinton, Texas, to Refugio, Texas, and KOUL ordered to Refugio, Texas, then an operating replacement channel would be active in Refugio allowing KTKY to commence operation under its permit at Taft, Texas.

PROPOSAL

3. Channel 279C1 can be allotted to Refugio, Texas, with a site restriction of 34.0 kilometers south-southwest of the community to avoid shortspacing allotments, or proposed allotments, in Yoakum, Goliad and Smiley, Texas, and station KEYI-FM, Channel 278C, San Marcos, and in order to specify the existing KOUL transmitter site. The reference site for the proposed allotment of Channel 279C1 at Refugio, Texas, is North Latitude 28° 02' 07" and West Longitude 97° 26' 11". Attached as Exhibit #1 is a §73.207 spacing study which shows that Channel 279C1 at the proposed allocation site/authorized KOUL site meets the Commission’s minimum distance separation requirements to all licensed, applied for or proposed facilities. Further, attached as Exhibit #2 is a coverage map which shows that a 3.16 mV/m (70 dBu) signal is provided over all of Refugio, Texas, from the authorized KOUL site.

4. Further, it is proposed that Channel 263A be re-allotted from Refugio to Woodsboro, Texas. The reference site for the proposed Woodsboro allotment is North Latitude 28° 21' 00"

2) Based upon the coordinates specified in the KOUL permit, BPH-20030430ACN.

3) The allotment of Channel 279C1 would have been the third FM channel allotted to Refugio, Texas. The re-allotment of Channel 263A would leave Refugio with two allotments and provide new service with its allotment to Woodsboro, Texas.
and West Longitude 97° 16’ 30". This represents a site restriction of 13.0 kilometers northeast to avoid shortspacing KSAB, Channel 260C1, Robstown, Texas. Attached as Exhibit #3 is a §73.207 spacing study which shows the proposed Woodsboro allotment meets the Commission’s minimum distance separation requirements to all existing, applied for or proposed facilities (with the exception of the present allotment at Refugio, Texas). Exhibit #4 is a usable area map which denotes where a transmitter site for Channel 263A can be located to provide service to Woodsboro. It is noted that a 70 dBu (3.16 mV/m) contour will be delivered over all of Woodsboro, Texas, from the proposed reference site.

5. Therefore, PBM and Amigo herein request the following changes in §73.202 of the Commission’s rules.

**Refugio, Texas**

<table>

---

4) These are the same coordinates as the present Channel 263A allotment at Refugio, Texas.

5) Woodsboro, Texas, has a population of 1,685 persons based on the 2000 U.S. Census of Texas. Woodsboro is an incorporated community since 1928. Woodsboro has a Mayor and five member city council. Woodsboro also provides its residents with services, including a local fire department and sheriff’s office.

6) Channel 222A (or 222C3) is being considered as an alternate channel for Channel 291A in Refugio, Texas, in MB Docket #02-248.
PUBLIC INTEREST

6. The allotment of Channel 279C1 to Refugio, Texas, will provide that community with an operating expanded area station, without depriving Sinton of its only local service, since full-time AM station KDAE, 1590 kHz, and KNCN, Channel 267C1, will remain licensed to Sinton. Once Channel 279C1 is allotted to Refugio, Texas, Amigo will submit the required application to implement the change in community of license. The community of Refugio is not located in an Urbanized Area, as designated by the United States Census. The authorized KOUL does provide coverage, in excess of 50%, into the Corpus Christi, Texas, Urbanized Area. Since KOUL will not be changing sites, no change in the coverage of the Urbanized Area will occur as a result of this instant petition.7

7. The re-allotment of Channel 263A to Woodsboro, Texas, will provide that community with its first locally licensable station, without depriving Refugio of its only local service, since KOUL proposes to be licensed to Refugio as a part of this request. Further, a vacant allotment will also remain in Refugio. Once Channel 263A is allotted to Woodsboro, Texas, PBM will submit the required application at the appropriate time requesting authority to construct a new FM station at Woodsboro. It is noted that Woodsboro is located in Refugio County, Texas. The 70 dBu contour of the proposed allotment will not extend beyond the confines of the county boundary. As such, it will not provide any 70dBu service into the Corpus Christi, Texas, Urbanized Area.

7) The present community of license, Sinton, is not located in the Corpus Christi Urbanized Area. As such, this is a proposal to change community of license from one rural community to another rural community, with no actual change in coverage over the Urbanized Area. As such, no Tuck analysis appears to be necessary.
8. Based on the proposed re-allotment of Channel 279C1 to Refugio, Texas, station KTKY will be able to implement operation of its authorized facility at Taft, Texas. This will provide a first local operating service to Taft, Texas, without depriving Refugio of its only operational station.

9. The foregoing technical statement was prepared on behalf of Pacific Broadcasting of Missouri LLC, and Amigo Radio, Ltd., by Graham Brock, Inc., its Technical Consultants. All data related to FM facilities was extracted from the CDBS database. We assume no liability for errors or omissions in that database that may be adverse to the requests contained herein.

Woodsboro, Texas. Woodsboro is in southwestern Refugio County five miles southwest of Refugio at the intersection of U.S. Highway 77 and Farm Road 2441. The town began as a land development project organized in 1906 by W. C. Johnson and George P. Pugh, developers from Danville, Illinois. The town was originally called Church because it was located north of the Church siding on the St. Louis, Brownsville and Mexico Railway, which built the area in 1906. The town site was laid out in November and December 1906, and by February Johnson and Pugh had completed the town's first structure, a wooden hotel built to house land buyers. ("This is the Real Garden of the Lord," a large sign painted on the side of the advised visitors.) A post office was established in the hotel later that year, and the town's name was changed to Woodsboro after Captain Tobias D. Wood, who had sold the Bonnie View Ranch to Johnson and Pugh. A public square was included in the official town plat in 1908 and it became the center of the economic growth and enterprises that characterized the early development of Woodsboro. The W Commercial Club was founded in 1914. Among its more lasting contributions were the waterworks installed in the town square. The town was incorporated in 1925, and the plaza remains a center for civic activities in Woodsboro. (1999)
community. The club organized the town's first water works, which were turned over to the government when Woodsboro incorporated in 1928.

An estimated 450 people lived in Woodsboro in 1925, but the town experienced a small boom when oil was discovered nearby. As construction and oilfield workers moved into the town, Woodsboro's population rapidly increased, rising to 1,286 by 1930. Though the town was hit by the Great Depression in the early 1930s, by the late 1930s oil activity had revived in the area and the town continued to grow. By 1941 Woodsboro had thirty-five businesses and a population of about 1,200. Though the number of farms in the area surrounding the city declined after World War II, the gas industry helped to sustain the local economy until the county's petroleum production declined significantly during the 1980s. Woodsboro's population was 1,829 in 1950 and 2,081 in 1960, but declined to 1,839 in 1970 before rising slightly to 1,974 in 1980. Woodsboro had fifty-two businesses in 1980, but by 1988 only thirty-three were reported in the town. In 1990 there were 1,731 people in Woodsboro.
