

Dear Sir or Madam,

KRVS-FM is located in a region of south Louisiana known as Acadiana.

Home to many French speaking people who came to Louisiana via their ancestors exile from Nova Scotia. As such, the SAC made possible by HD radio would allow for one "majority French / indigenous channel" and one more " traditional public radio channel".

This expansion would allow for a precise targeting of service in a cost effective, efficient manner. D.Spizale, GM KRVS Lafayette, LA.
