MINOR AMENDMENT

Pursuant to Section 1.65(a) of the Commission's rules, 47 C.F.R. § 1.65(a), AT&T Wireless Services, Inc. (AWS") and Cingular Wireless Corporation ("Cingular") (collectively, the "Parties") hereby submit this minor amendment to their pending applications seeking a transfer of control of AWS to Cingular (Lead File No. 0001656065). In footnote 100 of the "Description of Transaction, Public Interest Statement, and Waiver Request" (filed March 18, 2004), the Parties referenced the network infrastructure sharing joint venture ("Joint Venture") between Cingular and T-Mobile USA, Inc. ("T-Mobile"). On May 24, 2004, Cingular and T-Mobile entered into a series of agreements pursuant to which they intend to unwind their Joint Venture contingent on the satisfaction of certain conditions including, among other things, approval of the instant transaction.¹ Upon consummation of the instant transaction and the Joint Venture unwind, the combined CMRS spectrum held by AWS/Cingular in the Las Vegas, NV (BTA245), Sacramento, CA (BTA389) and San-Francisco-Oakland-San Jose, CA (BTA404) markets will be reduced by 10 MHz as set forth in Attachment A.

Pursuant to Section 1.927 of the Commission's rules, 47 C.F.R. § 1.927(a), the Parties further amend their pending transfer of control applications to report a number of minor revisions to the spectrum aggregation chart included as Attachment 8 to the Public Interest Statement. Specifically, the spectrum aggregation total for the Scottsbluff, NE market (BTA411) should be changed to zero; AWS previously sold all of its spectrum holdings in the market. In addition, on May 6, 2004, Eliska Wireless Ventures License Subsidiary I, LLC ("Eliska"), a subsidiary of T-Mobile, and various subsidiaries of Cingular, filed two notifications with the FCC to report a spectrum manager leasing arrangement between them.² Pursuant to this arrangement (which is unrelated to the Joint Venture unwind transaction described above), Eliska leased 10 MHz of broadband PCS spectrum to Cingular in the Hattiesburg, MS market (BTA186), and 7.5 MHz of broadband PCS spectrum in the Ft. Walton Beach, FL and Pensacola, FL markets (BTA154 and BTA343, respectively).³ Revised spectrum totals for each of these markets, as well as the Joint Venture unwind transaction described above, are reflected in the revised, comprehensive spectrum aggregation table attached hereto as Attachment B.

¹ Details concerning the proposed Joint Venture unwind are set forth in three related applications currently pending before the Commission. See FCC File Nos. 0001757186, 0001757204 and 0001771442.

² See FCC File Nos. 0001728888 and 0001728901.

³ In addition, various licensee subsidiaries of the Parties have entered into a number of spectrum leasing arrangements with one another as more fully described in the following FCC File Nos.: 0001719764, 0001753233, 0001753258, 0001753264 and 0001753269. These arrangements do not alter previously-reported spectrum aggregation totals for the combined company.
