Dear Ms. Atkinson:

I have received the enclosed correspondence from a constituent, Ms. Glorianne McGillivray, regarding Broadband Power Lines (BPL). Ms. McGillivray is concerned about the impact that BPL will have on amateur radio operations.

Due to the desire of my office to be responsive to all inquiries, your consideration of the enclosed correspondence will be greatly appreciated. Please reply directly to Ms. McGillivray, and forward a copy of that response to me, marked to the attention of Matthew McCullough in my Washington office.

Thank you in advance for your assistance with this matter.

Sincerely,

JOHN ENSIGN
United States Senator

Thank you so much for your last letter to me. I appreciate all that you are doing for your constituents, for the State of Nevada and for our nation. I urge you to oppose the new broadband recommendations. It will be bad for ham radio operators and for our law enforcement officials. Also, someone must put Al Gore out of his misery. What in the world was he doing last night at that event where he was ranting and raving about everything. It is amazing to think that he was once the vice president of the United States.
